AGRICULTURE MARCHES WITH OUR ARMED FORCES

Behind the lines where men and women are risking life to defend home and country, other men and women are toiling to supply the materials of war -ships, planes, tanks, guns. These manufacturers-management and workers alike—are thus fighting shoulder to shoulder with our armed forces.

But what about the farmers? They are doing a work of equal importance. They too are marching to battle, by toiling early and late to persuade nature to increase food and other essential supplies on which the issues of the fight so greatly depend. The farmer marches side by side with the soldier and his armourer.

Farmers who are doing their bit to help Canada's all-out war effort may find it necessary to borrow money at the Bank. You should not hesitate to discuss your requirements with our nearest branch manager. Your business will be regarded as strictly confidential.
