A rumor has been circulated that we have sold our business. This and one or two other reports that have been put about recently to hurt our business are entirely untrue. It is the belief of most of our customers and ourselves that we have the finest grocery stock in this area. We make it a point to carry only fresh, good quality stock, in a modern, clean store, at lowest possible prices.

We invite you to come in and look around and satisfy yourself of these claims. We will do our utmost to please you, guarantee our merchandise and sincerely appreciate your patronage.

At the same time we wish to thank our customers to date who have been partially responsible for the building up of our fine stock, and entirely responsible for a turnover beyond our hopes, for the short period in which we have operated.

Cream

Despite the fact that the provincial figures on butter production for this year to date show a decrease as compared to last year's figures, and the fact that a considerable number of cows in this section have been eliminated through the T.B. test — **OUR BUTTER PRODUCTION IS HIGHER TO DATE THAN IN 1941.** For this we are thankful to our patrons. We say—Keep Up the Good Work.

Meat Lockers

The rumours regarding the rationing of meat for placing in lockers are groundless. Continue to put in your usual supply while space is available.
