Victory Loan Requires Mighty Effort

This week's Victory Loan totals for Grey County show the Townships of Sydenham, Artemesia and Osprey have all joined the one hundred per cent class. Up to Tuesday at noon the county as a whole had subscribed almost eighty per cent of its two and a half million objective in Canada's Third Victory Loan. Another half million dollars must be subscribed in the few days before the end of the week, if Grey is to reach its objective.

The results as a whole have been satisfactory. The exceptions are those townships running along the western border of the county. There appears to be no doubt that the general objective will be achieved but anything less than a hearty over-subscription will not be entirely satisfactory in view of the fact that while objectives right across Canada have been increased by at least 25 per cent Grey County was given the same objective as in the Second Victory Loan.

Hanover, with the largest quota of any centre in the county, has made a wonderful showing the past week. More than \$150,000 in bonds have been sold, and this centre is expected to be over the top within a day or two.

In the current loan, every unit of

Beer Manufacture Is Restricted

Malt for the manufacture of beer is curtailed in an order issued by the Wartime Prices and Trade Board. After November 1 no brewer will be permitted to use more malt for the production of beer in any quarter than used for this purpose in the corresponding quarter of the preceding year. The first three months period covered by the order ends January 1 next.

the 62 in the Province of Ontario was given an increased objective, with the exception of Grey, which remained the same. In spite of the same objective Grey stands in 40th position out of the 62 county units in the province.

Great effort will be required from every section of the county during the few days which remain this week. The loan will definitely close on Saturday night. Grey County has never failed yet, and she will not fail in Canada's Third Victory Loan.

Three Families Supply Fifteen Soldiers

Mr. and Mrs. Wm. Stoddart of this place and Mr. and Mrs. Bert Sims of Proton Station, former residents here, are particularly interested in Canada's war effort. Each family is represented in the fighting forces by five sons. The Stoddarts have Fred, Frank, Norman, Bill and Ted in the active forces and the Sims are represented by Hugh, Rens, Harold, Kenneth and Laurie. Dr. Bull of Holland Centre is also in the same class with four sons and one daughter in the forces. They are Beverley, Homer, Ford, Robert and Miss Enid, who was a student at Markdale High School a few years ago.

Enlists In Veterans' Guard

Lieut. S. J. Edgerton of Toronto was a visitor this week at the home of his mother, Mrs. S. Edgerton, here. Sam, who served overseas in the last war with the 147th Grey Battalion, has been inspector for the Weights and Measures Dept. of the Dominion Government since 1935, and has been granted leave of absence "for the duration". Sam reverted from the rank of major in the reserve of officers to accept a commission with the rank of lieutenant in the Veterans' Guard of Canada. He will leave this week-end for a point in Southern Saskatchewan, where he will be posted. —Dundalk Herald.

oration and Joseph Long. The men were found guilty on six counts which arose out of infractions of Consumer Credit regulations.

The price of a motor-car valued at approximately \$450, was inflated 30 per cent to appear to conform to Consumer Credit regulations. Evidence revealed that the entire transaction was contrary to regulations.

CITIZENS OF GREY COUNTY!

YOUR GOVERNMENT NEEDS YOUR SCRAP IRON AND STEEL NOW

More scrap steel and iron is urgently needed if we are to produce the ships, tanks, planes, guns and munitions necessary to win this war. You are asked to do your part by turning in every available ounce of scrap metal you can find in your home or on your farm.

This campaign is from November 1st to December 15th, 1942.

In order to facilitate the systematic collection of scrap iron and steel in your County, Wartime Salvage Limited, a Government Company, and the Steel Controller, have completed arrangements with your County Warden and Township Reeve to supervise the collection and sale of the scrap iron and steel you deliver.

HERE IS WHAT YOU DO

Dig out every ounce of scrap iron and steel you can put your hands on.

Township Groups have been formed. Find out from your Township Reeve how and where he wishes you to take your scrap.

The price to be paid by Wartime Salvage Limited, a Government Company, has been fixed by the Department of Munitions and Supply as follows:

1. Price at Collection point will be \$7.00 per net ton on ground.
2. For scrap loaded on cars containing less than 25 tons, price will be \$8.50 per net ton.
3. For scrap loaded on cars containing 25 tons or more price will be \$10.00 per net ton F.O.B. cars.

The above prices will be paid for all forms of scrap iron and steel excluding (a) Sheet Tin of any kind, (b) Automobile Bodies and Fenders, (c) Stovepipe, and (d) Wooden Attachments.

HOW TO DISPOSE OF YOUR SCRAP WHEN COLLECTED!

When you have delivered your scrap to the place designated for your Group in accordance with the instructions of your Township Reeve, you can then—

- ★ 1. Sell your scrap metal to the Government Agency and divide the proceeds of such sale among the various members of your Group to which you will be appointed by your Township Reeve, or—
- ★ 2. You may donate your scrap metal to the Voluntary Salvage Corps or Committees functioning in your Community, or—
- ★ 3. You may sell your scrap metal to the Government Agency and then turn over part or all of the proceeds of this sale to the Local Salvage Corps or Local War Charities.

Your contribution to the war effort is simplified by this arrangement. Don't wait until you are urged by your Township officials to do this all-important work. Get busy right away. Canada needs, and must have, tons of scrap iron and steel now if we are to keep our fighting forces armed and ready to win through to victory.
