We'll hold your place

IN EVERY city, town and village throughout Canada today there are gaps where once were young men. They heard a call and put on navy blue, khaki, horizon blue, and they have gone, answering a call . : :

They are missed - missed not only in their homes but also in the business places which once they filled.

They have gone from every institution in Canada; but from none more than from the chartered banks: There is hardly a branch office from coast to coast which is not today the poorer-and the prouder -for those who thus laid down their pens.

But every branch manager, as he shook parting hands, had this consolation: he could say to every regular member of the staff of the bank, "We'll hold your place. It will be waiting for you when you come back. That is a pledge."

So it is the part of those who remain to serve their country in such a way that the promise may be kept: "We'll hold your place."

There were 14,433 single and married men from 18 to 45 years of age employed by the Chartered Banks at the outbreak of war. 5,053-or 35% of them had joined the armed forces by October 31st, 1942.

These "Lower Prices"

While we are told tea is 10 center a pound cheaper, coffee four cents pound cheaper and milk and butter few cents likewise, the govern ment will take from the treasur which is the people's pockets, over \$40 million to subsidize dealers for this arrangement. There are only two places from which money spen by the government can come, taxes or borrowing, and commenting or this situation the Picton Gazette makes some pertinent remarks

"These lower prices are being ac omplished 'by reduction of duties and taxes and by outright subsidy it is announced. Such price d creases do not make coffee nor te any more plentiful, nor will they increase the availability of butter which has been in short supply some areas. Such price decreases do not mean much in reducing the costof-living, in the long run, for th subsidies to cover the lowering of these prices must come out of the taxpayers' pockets.
