

NO GAS PROBLEM IN INDIA

Motive power for supply vehicle, somewhere in India, just naturally lies down, like the driver goes in front building. Canal carts are equipped with rubber tires, but require no gas or oil.

HOW CAN I??

By Anne Ashley

Q. How can I make labels stick fast to a tin?
A. The label will stick if it is first brushed over lightly with either a cut onion or melted paraffin. A little brown sugar added to paraffin has the same effect. Gummed adhesive tape also makes a good label for tin.

WHAT SCIENCE IS DOING

ADRENALIN FOR FLIERS

When we are fighting mad two little glands which are called adrenals and which lie above the kidneys are aroused to chemical action. The glands pour out adrenalin. Some classic experiments made years ago by Dr. Walter B. Cannon (Harvard) have shown how essential adrenalin is in the emotional life of all higher animals. It stimulates the heart so that it can work harder. Without it there is no fight in man or beast.

7,000 Airplanes Made in Canada

Canada has recruited and trained 80,000 aircraft workers, of whom 90 per cent had never before worked on an aircraft. Ralph P. Bell, Director-General of Aircraft Production, told a meeting of electrical men in Toronto recently.

Bell disclosed that 7,000 planes had been made in Canada since the industry was launched less than three years ago. Of these, he added, more than 1,200 are in operation on fighting fronts, mostly Hurricane fighters.

Bell termed the aircraft industry one of the few arising from the war "for which a commercial post-war future reasonably can be visualized."

Dr. George W. Starrak (University of Western Ontario) has applied this knowledge for the benefit of the Royal Canadian Air Force. He conducted research to discover the effects of a deficiency of oxygen at altitudes of more than 10,000 feet. He determined the exact amounts of oxygen and carbon dioxide needed for the best action of adrenal glands. He then determined a man's blood contains certain amounts of both oxygen and carbon dioxide the adrenals do not perform their function efficiently. Hence the man can't fight.

SULFA FOR SICK TREES
After a five-year test, F. A. Bartlett, a tree expert, announces that the bleeding canker disease of shade trees can be successfully treated by injections of one of the sulfa medicines. Ailing trees treated by the method and properly fed showed an average annual increase of twig growth of more than three inches over similar trees neither treated nor fed. The new method of treatment was initiated at Rhode Island State College several years ago when it was discovered that trees in several fourth largest oak trees in F. A. Bartlett's garden were dying of an unknown fungus. After isolation, the disease proved to be bleeding canker. The compound, a "sulfa" derivative, was applied through injections. A total of 6,000 injections was made on 322 trees.

Modern Etiquette

By Roberta Lee

- 1. Is it proper to use a typewriter for social correspondence?
2. Is it all right for a girl to telephone a young man at his office, to carry on a friendly conversation?
3. What is the proper way for a hostess to serve tea?
4. Isn't a hostess responsible when she accepts payment from a guest who has called long distance on her telephone, or receives a C.O.D. telegram?
5. When a woman is wearing gloves, should she remove the right one before shaking hands?
6. Isn't it poor manners for a person to take hold of another person while talking with him?

- 1. Yes. The answer was a time when the typewriter was considered suitable for business correspondence only, but that time has passed. Of course, only the slightest variety of stationery should be used when typing a letter.
2. She should not do so unless the call is very urgent.
3. The hostess should remain seated while pouring the tea; then hand the cups, saucers, and plates to the guests. They may help themselves to sugar, sugar cream, and jam, as well as to sandwiches and cakes.
4. No.

BACKACHE? Look out for Trouble With Your Kidneys

If your back aches or if you have disturbed sleep, burning or smarting look out for trouble. This condition is a sure sign that your kidneys are not fully ridding your blood of poisonous acids and wastes. When the kidneys slow up, wastes collect. Backache, dizziness, puffiness and rheumatic pains may follow. Your kidneys need help—and there is a time-tried, proven way to help them known as GOLD MEDAL Haisten Oil Capsules. These capsules contain carefully measured quantities of that widely known diuretic called Dutch Drops. You will find their action fast and effective. Be sure you get GOLD MEDAL Haisten Oil Capsules, the genuine and original Dutch Drops—packed in Canada. Get a 50c package from your druggist.

Relieves distress from MONTHLY FEMALE WEAKNESS
Egda Pinkham's Vegetable Compound not only helps relieve monthly distress but also restores the system—due to monthly menstrual disturbances. It helps build up resistance against distress of "dum-cum" days. Made in Canada.

Two navies settled down to eat their dinner. One began unwrapping a large parcel at which the other stared in surprise.

"What's that?" he asked. "Well, it's like this. My missus is away, and I thought I'd make myself a pie."

"Oh, I dunno, it's rhubarb."

"Did you tell her that what you said was in strict confidence?"

RECTAL SORENESS AND PILE TORTURE QUICKLY RELIEVED

If you are troubled with itching piles or rectal soreness, do not get discouraged. There is a remedy for this condition known as Hem-Rol. It is a small, easy to use, and quickly relieves the itching and soreness and other treatment should be secured at once.

Now I throw the window wide, And how boldly each one comes To the warmth and light inside, To my table spread with crumbs!

VOICE OF THE PRESS

APPLE QUESTION

Can you remember not so long ago when people were coaxed to help out the apple industry of Canada by purchasing and eating apples? Where are the good apples today at a reasonable price for the household? Oranges brought all the way from California are in much more popular demand than the Canadian apple. Even the Canadian black walnut has gone into the luxury class at 70 cents for a six-quart basket.

INEXPERT WALKERS
"New and inexperienced" pedestrians, placed in that class by gasoline restrictions, have resulted in boosting the street accident rate in Los Angeles. It may yet be necessary to equip them with horns and tail lights.

"WORK OR FIGHT?"
The war-time policy of President Wilson in the last conflict was "work or fight," which labor in the United States on the whole felt compelled to accept. It is still a pretty good ultimatum for any democracy in this struggle, if enforced.

JUST IMAGINE!
Before rationing, American motorists burned 70,000,000 gallons of gasoline each day. Until the advent of motor cars, gasoline was considered a waste product of kerosene refining; it was poured into rivers or burned.

COVERING UP
"Where have all the bare-legged girls gone?" inquires the St. Thomas Times-Journal. As if the editor didn't know that they've gone up to the attic to look for a pair of Granddad's old wool stockings.

BUTTER PREFERRED
Of course, it's wonderful about science making a suit of clothes of milk. But if it's all the same we'd rather be measured for a pound of butter.

ANOTHER COUPON
It's a lot of trouble bringing them up, but what's nicer around the home at a time like this than a 16-year-old who doesn't drink coffee?

LAST IS REAL THING
Schooling is what you get in the world. Education is what the world gives you when you get out.

I Saw the Morning Break
You that have faith to look with fearless eyes Beyond the tragedy of a world at strife And trust that out of night and death shall rise The dawn of a happier life; Refuse, whatever anguish rend your heart, That God has given you, for a priceless power, To live in these dark times and make your own the future.

LIFE'S LIKE THAT
These small boats, whose tonnage lies in a category between that of a patrol torpedo boat and a destroyer, are lightly armed and have only their speed and maneuverability to ward off attack.

Jeeps Take Place Of Plow Horses
American jeeps, the handy-animals of the United States Army, are going to plow now.

\$50,000,000 in Subsidies Protects Prices Ceiling
From the end of March last year to the present time, according to a House of Commons return, the Prices Board has paid out \$50,000,000 in subsidies to order to cease fire as soon as the Germans were seen abandoning ship—although hostile planes and submarines might be in the vicinity.

"PURE DICTATORSHIP"
There is nothing in our civil law to prevent strikes, says the Owen Sound Sun-Times. If workers are not content with conditions to say to others, not members of their Union, "You shall not work" and use force to prevent them from working? None whatever, we should say.
