HOW TO FILL OUT YOUR APPLICATION

This year-housewives must estimate in advance the amount of sugar required for canning and jam-making, so that arrangements may be made to provide and distribute the necessary supplies. Applications must be sent in to your Local Ration Board by April 15th. Use the application in your new Ration Book for this purpose.

Marrow, tomatoes and pumpkins are considered as vegetables and no canning sugar will be allowed for them.

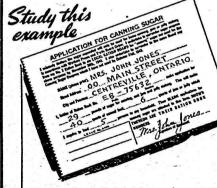

- HOW TO FIGURE OUT THE AMOUNT OF SUGAR NEEDED

quart sealers you plan to put up—then use the quick, practical method of allowing ½ lb. of sugar for each quart sealer. Don't try and decide exactly the number of each kind of fruit you plan to put up. Some fruits may be more plentiful than others Base your estimates on the number of sealers you have on hand, what you put up last year, or what you think your needs

olication must be

JAM or JELLY MAKING Allow 11/2 lbs. of sugar for each quart of jam or jelly. Most people use jars of various shapes and sizes. Take a number of the jars you usually use and see how many cupfuls of water they hold. Four (4) cups make a quart. In this way you will be able to estimate the number e able to estimate the number of quarts of jam or jelly your jars will hold. Then allow 11/2 lbs. of sugar per quart for you requirements. For example, fo S quarts of jam or jelly, you will require 12 lbs. of sugar.

mates based on these methods are within the canning sugar on, and the amounts are satisfactory for wartime canning and and jelly making, as proven by test in the Dominion Department of Agriculture experimental kitchens.

sugar for jam and jelly making.

She adds the two amounts of sugar together (20 + 9) and writes the total (29 pounds) on her application, together with the number of persons she intends to feed in her own household. To her own fully completed application form she attaches the application forms of the other persons in her household she is planning to feed. Only the individual serial numbers need be given on these accompanying application forms.

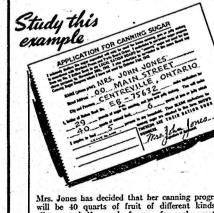

owners on these other forms. Simply copy the serial numbers from the front of their ration books on to their application forms and pin them to your own fully completed application.

In estimating your canning and jam-making requirements, storage space should be carefully considered. Poor storage may cause spoilage and waste. Canned fruit-should be kept in the winter months only.

Remember-False Statements are Subject to the Fall Penalty of the Law

RATION ADMINISTRATION

THE WARTIME PRICES AND TRADE BOARD

Mrs. Jones has decided that her canning programme will be 40 quarts of fruit of different kinds. She allows one-half pound of sugar for each quart, and therefore will need 20 pounds of sugar for canning. She decides that she will put up 6 quarts of jam and jelly. She allows 1½ pounds of sugar for each quart of jam, and therefore will need 9 pounds of sugar for jam and jelly making.

will be this year.

With Be made Available.

When your Local Ration Board has reviewed your application you will be provided, sometime before June 1st, with special canning sugar coupons. These coupons will entitle you to buy sugar, at any grocery store, at specified intervals. You do not have to buy all your sugar at once. COMPLETE AND SEND IN YOUR

APPLICATION BEFORE APRIL 15 Complete your application form as shown in the illustration and mail it to your Local Ration Board not later than April 15th. Attach the application forms from the ration books of the other persons you will be feeding in your household. Do not write anything but the serial numbers of the owners on these other forms. Simply
