# WE CANT FIGHT

IF WE DON'T EAT!! ·· We won't Eat if YOU don't help Ontario Farmers THIS SUMMER!

No longer can anyone sit back calmly with the knowledge that Canada is a great storehouse of food—that our fighting forces and we at home are sure of ample food supplies. The beef shortage and the rationing of foods are evidence that supplies are growing scarce.

There are two reasons for present and threatened food shortages. First, our nation is exporting more food than ever before in her history. Second, our farmers are short-handed. They need help because agricultural workers have left them to join the armed forces and to work in munitions plants at wages higher than the farmer can pay.

Because of the nature of his work, the farmer's greatest need for help comes with seeding in the spring and ends with late harvesting in September. There are two very difficult peaks to get over with haying and harvesting in the Summer when the demand for manpower on the farm is tremendous.

Experience or no experience, YOU CAN HELP. There's an Ontario Farm Service Force Brigade in which you can serve regardless of age, sex or occupation. Five of the Brigades are outlined here. Study them now and fill in the coupon

LET THERE BE No More Idle Hens THIS YEAR

The Government is urgently requesting, for this year, a heavier egg production than ever before. The export requirements to Great Britain are rmous,—and these requ The home market will undoubtedly be good due to meat rationing in the near future.

Taking the above facts into consideration you are assured of a good market with reasonably good prices, so, do your bit to help the present situation.

## Meat Lockers

Meat rationing in the near future is almost a certainty and, while we do not know how it will affect the average householder, it was announced that the farmer may continue to kill for his own use only.-So we ask the farmers to take advantage of our meat locker facilities while space is still available. For fruits and vegetables lockers will be extensively used this year.

### WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in eash the full face value of the Bond at the time stipulated, with half-yearly

interest at the rate of 3% per annum until maturity.

A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest. A Victory Bond is an asset more readily converted into cash than any
