If we all cut out only one non-essential call a day

War calls must come first . . .

which means that we should reduce our non-essential use of the telephone to the minimum. Present facilities cannot be increased; your co-operation is needed if war calls are to go through promptly. Please remember that the wasteful use of telephone time can hold up war business — and that every second you save counts.

HOLD HIGH THE TORCH OF FREEDOM

VICTORY

Nothing short of victory over the powers of aggression will ensure a just and peaceful order after the war. There can be no compromise with international bandits.

In that victory all of us wish to share.

Victory's price is high.

Some have the privilege of *fighting*; all have the privilege of *saving money* to supply our fighters with modern engines of war.

Enormous sums of money must be raised for ships, planes, tanks, guns, bombs, shells and bullets.

Have a share in the victory by saving to—

Buy Victory Bonds and War Savings Certificates and Stamps—

Pay the necessarily heavy Income Taxes—

IN ADDITION TO

Keeping up your Life Insurance and Providing for your Future Independence—

Such a programme of determined, systematic saving is part of the price of VICTORY.
