

GROWN IN SUNNY, SOUTHERN ONTARIO

Modern Etiquette

By: Roberta Lee

1. Who terminates the call in business telephoning, the person who calls or the person who is called?
2. Which is correct to use, "Mrs. John Joseph Brown," or "Mrs. J. J. Brown" for a visiting card or an invitation?
3. Is it improper at a large dinner or banquet to wait for

everyone to be served before one begins to eat?

4. If it is necessary to remove a piece of bone from the mouth, while at the table, should one use a fork, spoon or napkin?
5. Is it proper for a man to leave an elevator first, if there are women in it?
6. What is the correct way to fold wedding invitations and announcements?

Answers

1. The person who puts in the call. However if the call is of social matters, and the business of the person called is interfered with, that person may terminate the call.
2. The full name is the correct form.
3. No; you may begin eating as soon as you are served.
4. None of these things would be practicable to use; merely use the thumb and forefinger and lay the particle on the plate.
5. Yes; if the elevator is crowded and he is at the door; otherwise he should step aside and allow the women to leave first.
6. Fold them so that the engraving is on the inside, and not on the outside.

RECTAL SORENESS AND PILE TORTURE QUICKLY RELIEVED

If you are troubled with itching piles or rectal soreness, do not delay treatment and run the risk of letting this condition become chronic. Any itching or soreness or painful passage of stool is nature's warning and proper treatment should be secured at once.

For this purpose get a package of Hem-Roid from any druggist and use as directed. This formula which is used internally is a small, easy to take tablet, will quickly relieve the itching and soreness and aid in healing the sore tender spots. Hem-Roid is pleasant to use, is highly recommended and it seems the height of folly for any one to risk a painful and chronic pile condition when such a fine remedy may be had at such a small cost. If you try Hem-Roid and are not entirely pleased with the results, your druggist will gladly return your money.

spoonfuls of turpentine mixed with hites of two eggs, beaten slightly but not stiffly.

Q.—How can I get rid of ants and roaches?

A.—Wash the kitchen and pantry shelves and woodwork with a hot, strong solution of alum water, as a preventive against ants and roaches.

Q.—How can I make a good hair tonic?

A.—By mixing one ounce of the best castor oil, two ounces of brandy, and two ounces of bay rum.

PILES Sufferers of bleeding and protruding piles should know Bunkers Herbal Pills treat the cause at its source. Money back if the first bottle does not satisfy. Buy from your druggist.

Q.—How can I take lime out of a teakettle?

A.—This is caused by hard water. If the deposit is light, a dilute acid, such as vinegar, will dissolve it if allowed to stand in the kettle. Add a little salt to hasten the process. If little bubbles form it indicates that the lime is dissolving.

Q.—How can I remove iced tea stains from linen?

A.—By soaking the stain as soon as possible in Javelle water, and then pouring boiling water through it.
