

Hold on, Little Fella—we're coming!

Yes, babies have felt the impact of the war. Just like the rest of us, their big troubles have been the direct shortage. It's been difficult for them and their mothers, but because our looms were busy making hundreds of vital military items. But we're beginning to switch gradually back to civilian production, and diaper cloth is high on our list of urgently needed goods.

No, the mothers will not be left with the rest of us. Their big troubles have been the direct shortage. It's been difficult for them and their mothers, but because our looms were busy making hundreds of vital military items. But we're beginning to switch gradually back to civilian production, and diaper cloth is high on our list of urgently needed goods.

TO SAVE MONEY

Even in war-time, when saving is the stern order of the day, borrowing may also be in order. There may be opportunities to make or save money by having cash obtained through a personal loan. There may be emergencies when ready money will prevent avoidable loss.

If you need money for thrifty purposes, do not hesitate to talk over your needs in confidence with the manager of our branch in your own locality.

Every day we are making personal loans to wage-earners, salaried men and women, business and professional people, executives and other persons having a steady income.

Our rates are low, our terms are fair.

The cost is \$3.65 for each \$100—repayable in 12 monthly payments.

TRAVERTON

The almanac states spring began on Monday, the weatherman says it's cold and the north-east wind from Goose Airport on Labrador coast confirms it; so do Glenelgians.

The sunset on Sunday evening was one of the most brilliant to be seen in a life-time.

Pleased to report Mr. Graham Timmins, sr. recovering from a very severe cold. He has been in the Durham hospital for a week.

Mrs. Percy D. Greenwood, Reg. N., has arrived home from Hanover hospital where she was acting as special nurse for Mr. Adams of Egremont.

Mr. George Gray of Durham is assisting Mr. O. D. Peart with bush work.

Miss Clara Jack, teacher near Aylton, spent the week-end at the parental home.

Zion's printed church reports were given out on Sunday and showed success and advance in church work, Sunday School and Y.P.S. and also in the Cemetery Fund. Rev. Mr. Smith is a gifted and intellectual minister.

The W.I. St. Patrick's "At Home" in Zion on Friday night was what might be termed, a half success, as the Edge Hill group met with motor mishap galore on the way out. The thaw had undermined the snow banks and they were like the old Irish song that ran: "All a stocking in the mud, from the mud, from the wake of poor Ted Roe."

However, Mrs. A. E. McNally, the president, went on with the first half of the program which was good and Misses Dorothy Hill and Margaret Kennedy arrived on foot in time for luncheon after footing out for miles.

R. T. Cook finished sawing for a group of five farmers on the 4th con. Charles Schaeffer cut up a big pile for J. H. Robson and Sons and R. E. Bryan on the 6th, besides doing good work for a number on the 10th con.

One of Glenelg's earliest and most highly esteemed pioneer daughters, Mrs. John Ryan, passed away in Owen Sound hospital on Saturday morning after suffering from a long illness a few weeks before. Ellen Ryan was the only daughter of the late Mr. and Mrs. Thomas Quinlan who settled on the 6th concession nearly 90 years ago. The home of her parents was noted for its open-door hospitality and continued after her marriage to John Ryan 59 years ago. Their union was blessed by a family of four clever and stalwart sons, Patrick, James, William and Francis of Detroit and two winsome daughters, Mrs. T. J. Elliott (Selina) of Owen Sound and Mrs. C. J. Cullerton (Cecilia) of Toronto.

Mrs. Ryan from early days has been a devoted member of the Roman Catholic faith and a generous contributor to the building and support of St. John's Church, its big shed and community hall and the adjacent cemetery. She ever was most obliging and thoughtful neighbor and your correspondent can testify to her generous hospitality and thoughtfulness in times of trouble. Her sons have been wonderfully successful in Detroit and noted for their generosity. Her's was a life long and well-lived and leaves happy memories.

When is a Dollar Not a Dollar?

When it won't buy a dollar's worth of goods! For instance, compared to present-day standards your dollar of the last war was worth, not a dollar... but sometimes less than 50¢. Housewives, who went marketing in 1917, had to part with a four-pound jar of jam which you buy to-day for... Dad's winter underwear set him back then, as compared to the he could buy it for to-day. You get a lot more for your money NOW... because price ceilings and other anti-inflationary measures have kept the value of your dollar HIGH! That's why it will pay you to see that selfish spending never undermines price control in Canada. Remember, you protect your dollar's worth when you use your money wisely when you pay off debts... refuse to buy needless luxuries... give black markets a wide berth... and don't hoard goods.

Make This Pledge Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!

New Hydro Rural Rates Reduce Your Bills

Note the saving you will obtain under the new rate of 4c, 1¢10, and ½¢ in the following examples showing comparative quarterly bills for several commonly used quantities of energy:

STANDARD FARM SERVICE			HAMLET 2-WIRE SERVICE		
3 Months' Kilowatt Hours	YOUR BILL AT Old Rate	NEW Rate	3 Months' Kilowatt Hours	YOUR BILL AT Old Rate	NEW Rate
150	\$8.60	\$6.56	100	\$6.93	\$5.52
300	11.52	8.86	200	8.87	7.54
600	17.35	13.53	300	10.82	9.10

Where Old Rate Was 4c, 2c, ½c

These examples illustrate the savings you will secure in your Hydro bill in Rural districts where the old rate was as shown above. The amounts shown are for quarterly net bills, including Dominion Government War Tax. The reduction in your bill in a district having a higher old rate (such as 6c, 2c, ½c or 5c, 2c, ½c) will be proportionately greater than the examples shown above.

Please note that the service charge for farms is discontinued, but the minimum bill for such consumer is \$6.56 per quarter, for which amount up to 168 kw.-hrs. can be used. In a district having a former rate of 4c and 2c, this same amount would have cost the consumer \$8.29.

Hamlet consumers have the service charge cut in half, but the minimum bill is \$4.87 per quarter, for which they can use an amount of 83 kw.-hrs. In a district having a former rate of 4c and 2c, this amount would have cost the consumer \$6.46.

These explanations are given to help you understand the new rate. In our next advertisement, we will discuss for your benefit, the UNIFORM RATES. In the meantime, if you need further information, please ask your Rural District Superintendent.

Before you blame your telephone... CHECK THIS DISTANCE

Engineers designed the mouthpiece of your telephone to give best results at one-quarter of an inch from the lips. When your lips are farther away than this, your voice is transmitted less strongly... less clearly.

Failure to remember these simple facts accounts for the great majority of "trouble" reports.

Help avoid needless service check-ups, and at the same time let those you talk to hear you without strain. Just remember: Talk clearly, normally, directly into the telephone, with your lips just one-quarter of an inch from the mouthpiece.
