

### Saugeen Mills, Markdale

Having purchased the mill property and business from Mr. Acheson, I am taking over on April 1st.

The mill will be closed after Saturday until Thursday of the following week in order that adjustments and repairs may be made.

It will be our aim to give entire satisfaction to the last detail — and we solicit your patronage on this basis.

**GREATER THAN EVER IS THE NEED for an INCREASED BUTTER PRODUCTION this year.** This is due to the bigger requirements of our Armed Forces and Overseas Shipments.

In order to encourage **HEAVIER CREAM PRODUCTION** the Government announced that it will continue to **PAY THE 10 CENT BONUS** without interruption during the coming summer months, right up to April 30th, 1945. This is certainly worth your consideration when you are planning your capacity production for some time ahead.

### New England W. A.

The January meeting of the New England W.I. was held on Thursday, Jan. 27th, at the home of Mrs. Wm. Clugston with a large attendance.

Meeting opened with the National Ode and War Time prayer followed by the Scripture reading by Mrs. Russell Graham. Several letters of appreciation for treats sent at Christmas were read and plans were made for making a butterfly quilt.

During the afternoon the ladies quilted at a Red Cross quilt until the school children arrived to put on the program.

A splendid paper was given by Mrs. Stanley Clugston, entitled, "He is Able". Miss Murray then took charge of the children's program which consisted of choruses, recitations, trios by Eleanor, Evelyn and Marilyn Clugston and Norma and Iola McAfee and Manley Risk. They presented a play, "Madame Curie", which gave a very interesting and informative picture of the discovery and use of radium by Madame Curie and of her great desire to help humanity.

The thanks of the Institute was conveyed to Mrs. Clugston and to Miss Murray and pupils for providing such a good program. Lunch was served by Mrs. Clugston, Mrs. Breadner and Mrs. Graham.

## BRAY CHICKS PROMPT SHIPMENT

UNUSUALLY heavy hatches allow us to say, definitely, that if you order your Bray Chicks (either day-old or cycled) right away for prompt shipment, we can probably fill your order without delay.

That is more than we can prophesy for later in the season. Advance orders have been extremely heavy for later delivery.

But we can supply a lot of good Bray Chicks right now. And right now is a mighty good time to start chicks. Experience tells us that the highest egg prices of 1944 will be realized in September, October, November. Good Bray Chicks, started now, and raised right should be in nice production just when prices are soaring. (If you take started chicks, of course, they will be laying that much larger eggs, and cashing in on the wide fall premiums for egg size.)

Just to make sure, in ordering, name a second choice on breed, grade, and date of shipment. (We'll do our level best, of course, to give you your first choice.)

Mannel Milhausen, Lion's Head, Ont.—"Bray Chicks are the best I have ever had. I was very fortunate to be able to get them."

Fat Dapella, South Persepolis, Ont.—"Your chicks last year were really something to brag about. I lost but a few and what were left were wonderful."

Mrs. J. L. Smith, Waltham Station, P.Q.—"Out of 439 chicks I received, I raised 417 good healthy chickens. They have turned out very profitable birds."

Mrs. Amy Flendley, Pleasant Hills, N.S.—"These chicks were the best I ever raised. I am very pleased with them."

Jas. N. Jones, South Nelson, N.B.—"I think there is one other name you should have added, and that is 'Victory Chicks'. You have the best laying birds I have ever purchased."

# First Objective

In these decisive months all Canada's effort is concentrated on one great objective—the attack that is to destroy the Nazi menace and all that it represents. Years of work have gone into its preparation. The best of our young men are staking their lives on its success.

We in Canada must support and strengthen this attack with all our effort. This one purpose must command our work, our minds and our hearts.

We must not permit any scramble for private gain or individual selfish ends, to distract us from our main task. If we concentrate on seeking, individually or jointly, higher prices,

higher pay or higher profits, we shall be diverting our attention from the main task at this critical time. We shall also endanger the stability of prices which we in Canada have achieved after great difficulties—a stability that is essential to efficiency and fairness in war, and to peacetime prosperity afterward.

Our young men are fighting for a Canada and a world in which all men can have faith, hope and security. Each of them wants to come back to a job—or a farm—with a future. We at home must keep secure for them a strong and stable foundation on which alone a post-war period of promise and achievement can be built.

# On the Home Front too...

When a gun goes into action every man has a job to do. Seconds count, and team work gets results. Training... endless training... gets efficiency that makes each man part of a perfect machine.

But something more than efficiency is needed to make a top-rank fighting unit. There must be loyalty... that spirit of responsibility that each man feels toward his mates.

We've got efficiency on the farm front... we're producing more, and with less help to do it. Keep up the teamwork that will make each one of us go all out to support our men on the fighting fronts.

We too, are part of a fighting unit... citizens of a nation at war. We must not let our men on the fighting fronts down.

Invasion means high tension on the fighting fronts... combined operations... thorough team work in every detail. And that call for greater action comes back to us at home. We have a job to do here, too. We must all buy Victory Bonds. We have a responsibility to our mates on the firing line. We can't let them down.

And the job that we are asked to do is... save more, and lend more to our country. We are asked to let our country have the use of money that we do not need now. We will have the money later on to improve our farms and to buy stock and equipment; for new barns and silos; for new furnishings and conveniences for our homes.

Be ready to buy more Victory Bonds.
