Canadian householders will be able to teast their toes in comfort next winter if they co-operate as they did last, says Canada's coal controller, who has given out a tentative forecast of what you can expect for the year 1941-45 heating season. Canada will get about the same amount of U.S. anthracite as last year, but incoming Welsh coal will show a reduction and maybe they'll have to divert some U.S. anthracite, normally used in Ontario and Quebec, to the Maritimes for consumers whose equipment is not suitable to burn Maritime coal. We Must See The Job Through

There is no letting-up on the fighting fronts. Action increases day by day. But our men there are conscious of their job-to carry on until victory is won. They will finish the job, and we must help them. Our job is an easy one compared to theirs.

We Must Buy More VICTORY BONDS

Yes, we bought bonds before, of course we did. The people of Markdale and Euphrasia and community have done a good job on every occasion on which they have been asked to buy bonds. We're buying bonds again. Are we buying all the bonds we can? Are you buying all you can?

As long as the war lasts it is going to cost Canada money to carry on. and from now on the fighting will extend to new areas. The cost will mount higher.

This Is No Time To Rest On The Job

We must keep on buying bonds until the war is won. Combined operations call for all-out action from each unit on the home front as well as on the fighting fronts. Markdale and Euphrasia people must go all-out to support the 6th Victory Loan. These communities must do their share. And this means that each individual must help.

You Are Not Doing Your Part Unless You Are Buying Bonds -and You Are Not Doing Your Part Unless You Are Buving

ALL THE BONDS YOU CAN

You can buy bonds with cash . . . and you can buy more bonds on convenient deferred payments, with six months to pay for them.

These same are also required to pay a cost of living

2 or three pounds thick end of loin of pork, 1 cup stock or water, salt and pepper, 1 or 2 tablespoons catchup, parsley, onion or celery.

Cut pork into thick slices. Put a layer on the bottom of a casserole and sprinkle chopped parsley and onion, salt and pepper over it. Repeat until the dish is 2|3 full and then pour in stock or water and catchup. Bake in electric oven 1½ hours. Top with potato puff, pie paste or biscuit crust.

Take a Tip: When using all-purpose flour for making pastry you will get good results if you follow these rules:

1. Use 2 tablespoons less of all-purpose flour to substitute for each cup of pastry flour called for in a recipe.

2. Blend in lard or hydrogenated fat until the mixture is mealy. Fat should be finely blended with all-purpose whereas it should be only blended with nastry or cake flour until it is the size.
