THE MIXING BOWL

By ANNE ALLAN Hydro Home Economist

Spring is in the market—the counters are beginning to take on a colorful appearance, and to present some items we haven't seen in a long time. Asparagus, for instance, is coming in every morning. It grows quickly and as the season is all too short we should make use of it while we can.

One of the nice ways to serve asparagus is with slices of ham. Cook the asparagus stalks standing them up in a saucepan or with the heads propped up out of the cooking water by inserting a small tin at one side of the kettle. Heat slices of boiled ham in a small amount of tomato juice, using another saucepan. When you are ready to serve, lay the slice of ham on the platter and put a serving of asparagus on it. Serve with a mock hollandaise sauce.

There are still potatoes on the market this year. But let's not waste them. Keep them in a cool dark place and prepare them in ways to prevent waste. A good rule is to serve baked potatoes three times a week.

Take a Tip: 1. Check the price per pound or can or package of the food you wish to buy and consider nutritive value before you buy. 2. Store the imported vegetables carefully; they are accustomed to a moist cold atmosphere. Clean and store them in your electric refrigerator in the crisping pan or covered pan.

ASPARAGUS RABBIT Welsh rabbit served over cooked asparagus tips placed on toast makes a splendid luncheon dish. Crisp bacon may be served in addition.

Melt 1 tbsp. butter in the top part of the double boiler, blend in flour. Add 1/2 cup milk stirring it in gradually to make a smooth sauce. Cook until thickened somewhat and smooth. Grate 1/2 lb. cheese (2 cups) and stir until melted. Add seasonings (1/4 tsp. salt, 1/4 tsp. prepared mustard and 1/4 tsp. paprika). Pour and serve immediately.

ASPARAGUS SALAD Arrange cooked, chilled asparagus on chicory or watercress. Serve with a French Dressing: 1 tsp. salt, 1/2 tsp. pepper, 1/4 cup vinegar, 2 tbsps. chili sauce mixed together. Drop in 1/2 cup salad oil, shaking after each few drops.

ASPARAGUS ROLLS Cut bread thin, remove crusts and spread with butter. Place in the centre of each slice a cooked asparagus tip marinated with French Dressing. Roll bread around it and secure with tooth picks. Cut in two at an angle after thoroughly chilling the rolls. These are favourite at wedding teas.

CREAMED POTATOES AND ASPARAGUS Cook vegetables separately, allow one-half pound asparagus to six potatoes. Combine with cream sauce, using half asparagus water and half milk for liquid.

MOCK HOLLANDAISE SAUCE

2 tablespoons butter, 1/4 teaspoon salt, 1 cup milk, 1 1/2 tablespoons flour, 1 tbsp. lemon juice, 1 egg yolk. Melt butter on top of double boiler. Add flour and blend until smooth. Add salt and lemon juice. Add cold milk gradually, stirring constantly. Cook over hot water continuing to stir until mixture thickens. Cook for 15 minutes, stirring occasionally. Pour hot sauce over beate egg yolk. Return to top of double boiler. Heat thoroughly. Serve very hot. Be sure and remove from heat if sauce must be kept standing for a while before serving.

The Question Box

Mrs. J. M. asks: How do you bake kippers?

Answer: The easiest and yet nutritious way: Arrange them on an oven-proof platter or pie plate and pour tomato soup over them. Dot with butter; sprinkle with seasoning and bake in a hot electric oven for 20 minutes. Serve with a slice of lemon and piping hot toast.

Mrs. B. J. asks: How do you make a good crumb pie paste?

Answer: Use very dry bread crumbs. Make fine crumbs. Combine with two tbsps. sugar and two tbsps. melted mild-flavoured shortening or butter to each cup of crumbs. Pack into pie plate about one-eighth inch thick and bake in electric oven at 350 degrees for 15 to 20 mins. Then cool and fill.

Mrs. A. H. says: Tell folks that their housecleaning is not finished until they clean the condenser of their electric refrigerator. We clean the fine coils twice a year with the vacuum cleaner attachment or a long handled brush.

Note: Pull the cord from the convenience outlet to disconnect the refrigerator before you start the cleaning.

Mrs. S. Mc. asks: Why do some pieces of home-corned beef become tough when boiled and other pieces do not.

Answer: You never "boil" ham or corned beef. If the water is kept boiling the fibres of the meat become tough. Start the meat in boiling water and boil it for several minutes so the heat will penetrate to the centre of the meat, then turn down the element so the water does not bubble but keeps at a simmering temperature.

A new order now also provides that Alternative Service Officers may direct conscientious objectors to most essential employment, and agriculture has been singled out mainly in that regard. At the end of last year out of 8658 postponed, more than 5,160 are working on farms. They get \$25 a month plus board and lodging, the difference between this and the going wage rate is paid to the Canadian Red Cross.

NOTICE TO CREDITORS

From May 22 to May 27 the eyes of the nation will be focused on Mrs. Consumer. Women's Institutes, church and club groups from coast to coast, will observe the week with special programs featuring the part Canadian women are playing in carrying out the government's economic stabilization program. Every woman, whether in the rural or urban centres will be asked to stand firm against any increase in the cost of living. A country woman tending her house and garden, milking the cows and looking after the chickens is responsible in no small measure. After all, there are approximately 732,715 farmer's wives in Canada. These women, through the way they run things in their own homes and on their farms, whether by saving money to help make their land free from debt, or by putting their surplus cash into Victory Bonds and Certificates, by managing to get along on their rations and not buying more than they need, by refusing to pay higher than ceiling prices; by helping to pay farm taxes promptly; are able to make an effective contribution not only to the security of their own homes but also to the stability of their own Canada. That's just logical.
