A WEEKLY EDITOR LOOKS AT Ottawa

At the end of May Canadian prisoners of war numbering 52,783 were scattered through 47 camps in Germany, and 11 camps in the Far East. Of these prisoners are now from the 3,029 Army, 1,486 Air Force, 145 Merchant Navy. Men and non-commissioned officers work in stores, quarries, on river work, brick laying, lumbering, agriculture, beet factories, anything that is not directly connected with the prosecution of the war. They work usually nine or ten hours a day, usual pay being 70 pennings a day. The first parcel a prisoner gets is a Red Cross "capture parcel", packed in Canada and stocked in London.

Details of the Sixth Victory Loan are now being mailed. Its objective of \$1,200,000,000 subscriptions totalled \$1,047,547,650 with 3,770,000 individual applications. The armed forces bought \$47 millions, those overseas \$13 millions. Finance Minister Haley told the House of Commons that cost of the issue would not exceed 88 cents for each \$100.

THE MIXING BOWL

Hello Homemakers! White distant fields seem very attractive to picnic planners. It has taken an "A-A" gas-line ration to enable many families to discover the possibilities of their own backyards. After all a picnic is more or less a matter of eating outdoors. You find that children think it is an adventure, and it's not much trouble. A shady spot with some cushions or a rug to sit on, a place to put the extra food and you are all set.

LUNCH Picnic appetites are likely to be big, so plan the eats accordingly. Sandwiches are easy to prepare and good material, use soft rolls or bread sliced not too thin. Salads in chilled bowls should be filling, potato with cold, raw cabbage with radishes, jellyed beef with peas, string beans with raw carrots. Relishes, the ones you can pick up with your fingers stimulate the picnic meal—radishes, wedges of cucumber, small tomatoes, strips of pepper, pickled eggs, etc. Desserts are not a problem during the fresh fruit season: serve fresh fruit and a few cookies. Order half minus of milk for the day and chill before serving.

SANDWICH FILINGS Fill one cup of filling. 2. Mince or grind cooked tongue, beef, pork or other meats. Season with salt, pepper and mayonnaise or relish. 3. Crisp vegetable fillings may be served at the picnic on the lawn since they may not be so ready until shortly before the meal. Shredded lettuce, grated greens, etc. are good, moistened with very little seasoned salad dressing.

TAKE A TIP Stains on summer clothes may be removed as home if treated immediately using the following steps: 1. Apply stain remover solution to the spot. 2. Rub gently with your fingers. 3. Rinse with water. 4. Dry in sun. 5. Repeat if necessary.

1. For berry stains use javel water on white cotton, linen. 2. Sponge coloured cotton, linen, or rayon with warm water before applying lemon juice or peroxide. 3. Mercurochrome stains are removed replies.

When is a Dollar Not a Dollar?

When it won't buy a dollar's worth of goods! For instance, compared to present-day standards, your dollar of the last war was worth, not a dollar... but sometimes less than 50¢. Housewives, who went marketing in 1917, had to part with \$1 for a four-pound jar of jam which you buy to-day for 40¢... Dad's winter underwear set him back \$15 then, as compared to the 25¢ he could buy it for to-day. You get a lot more for your money NOW... because price ceilings and other anti-inflationary measures have kept the value of your dollar HIGH! That's why it will pay you to see that selfish spending never undermines price control in Canada. Remember you protect your dollar's worth when you use your money wisely... when you pay off debts... refuse to buy needless luxuries... give black markets a wide berth... and don't hoard goods.

Saugeen Lodge, No. 327 Markdale, Ont. The boys serving overseas need cigarettes. Do your bit. GEO. WHITNEY, Noble Grand A. E. COLGAN, Rec-Sec.

Waste not Want not! We're needed in the business! CARTONS, too, are in demand! So please return us PROMPTLY! Give the boys a helping hand! YES, There's a SHORTAGE!

TONS OF FOOD ARE GOING TO WASTE IN THIS DISTRICT UNLESS YOU ACT NOW!

Markdale! It's up to YOU!

This community is faced with the immediate task of organizing to SAVE FOOD materials urgently needed by our invading Armed Forces. There is not available at this moment one half the farm help required to save the abundant food crops ready for harvest on farms in this community. Yet these crops must be saved to feed our invading armed forces—to whom food is as vitally important as ammunition. They can't win if they don't eat.

- ★ Council You can lend, effectively, the weight of your official influence by appealing to your townsmen; by proclaiming "Help the Farmer" holiday when the shops throughout the district temporarily vehicles to transport commodities to and from farms; by giving leadership in organization work.
★ Employers You can give vital assistance by releasing a shift, or your entire staff, for a day or more by increasing the urgency of their going to the farms for the period of release.
★ Merchants You can organize to go in a body with your staffs on the weekly food store runs; you can close your stores for an entire day once a week to assist during this critical period.
★ Clergymen You can impress the need on congregations; call organization meetings of your men and boys; assist in the work of the various municipalities; constitute the largest body of citizens. Assist in organization wherever you can, but particularly in pledging your spare hours to help on the farms.
★ Service Clubs You can add to your level of social service by enrolling members for this most constructive task; by forming committees to work in co-operation with commande headquarters on many phases of the work.

1. Organizing a Farm Commando Brigade, with office and telephone, where information can be given and the enlistments of loyal citizens received and through which men may be placed on farms requiring help most urgently.
2. Enlisting every available man in the community who will pledge his evenings, week-ends, holidays, half-days, every spare hour—during this critical harvesting period.
The Department of Agriculture of the Ontario Government will provide organizers and will co-operate and assist at every point in the formation and operation of the Farm Commandos.
The need is Urgent! It Requires Immediate Action! Unless such help is provided thousands of bushels of vitally-needed grain will go to waste in this district.

JOIN THE Farm Commandos Don't Let Our Troops Down! Come on Markdale! HERE'S WHAT TO DO Officials of the Municipal Council, Executives of Board of Trade, Merchants' Association and Service Clubs should arrange for an organization meeting as soon as possible. Ask the Agricultural Representatives of the district to be present. The meeting should be held in a hall, school or any other place convenient to all.
