

CREAM-EGGS-POULTRY

Cream prices will be good for this Fall and Winter. We suggest to keep up your supply. We have a large outlet for our butter and at all times we pay you top market prices for your cream.

The egg supply, at present, is becoming scarcer on all markets and we expect to see much higher egg prices.

There is a good demand for the top grades of poultry particularly for export. There is no market for the C grade as yet. We suggest that you make sure that your poultry is well finished before marketing them to assure the top market prices. Poultry which is moulting should be kept until the new feathers come in because too many pin feathers in the birds places them in the C grade class.

Our open night for this time of the year is Saturday Night Only

CANADA'S VETERANS Their Post-War Opportunities

The third in a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get full details, save and read every advertisement.

Training and Education— Doorways to Opportunity

SOCIAL SECURITY MEASURES

In planning Canada's re-establishment program, its framers worked with one principal idea in mind. This was that the only answer to the problem of permanent re-establishment is a job, and that the surest way to get and hold that job is by the skill necessary for it.

VOCATIONAL TRAINING

Every ex-service man or woman who will be assisted in re-establishment by training is eligible to have it. There is provision for paying fees for all courses and, in addition, the ex-service man or woman may receive maintenance grants up to:

- \$60 monthly if single;
- \$80 monthly for a man and his wife, together with children's allowances.

This training is available for the period of service to a maximum of one year, but can be extended beyond that period, if necessary, and if service is more than one year.

EDUCATIONAL TRAINING

This is available to all who are admitted to university within 15 months of discharge and, as in vocational training, fees are paid and there are maintenance allowances up to:

- \$60 monthly for a single man;
- \$80 monthly for a man and his wife, together with allowances for dependent children.

These allowances will be continued on a month for month basis of the time in the services, providing all examinations are passed. Outstanding students may have assistance continued to completion of the course.

SOCIAL SECURITY MEASURES

Under the re-establishment program Canada's veterans who, within 18 months of discharge from the services, become ill or unemployed may draw maintenance allowances up to \$50 if single and \$70 for a man and his wife, together with children's allowances. The out-of-work benefits are for those fit and able to work, but for whom there is no work immediately available. In the case of serious illness there is free treatment and hospitalization for any condition in the year following discharge.

As a further security measure, every veteran who enters insurable employment is entitled, after 15 weeks in that employment, to unemployment insurance credit as though the whole period in the services since July 1, 1941, had been spent in the insurable employment.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

PENSIONS AND NATIONAL HEALTH
