# SALE! Dollars at Half Price!

Sounds like a sure-thing bargain. But how many of us realize that in Canada we're getting dollars at less than half the price of other years ...at a fraction the price in many other countries to day. Here's what we mean. A dollar is worth as much as it will buy. And to day your dollar buys at least twice as much as it did in the last war A . For instance, your 50 buys a bar of undry soap that cost (Fig. in those days. To day, you can buy the same quality felt fedora for that set you back then. Truly your dollar is half price since it buys twice as much. Price ceilings and other anti-inflationary measures have kept its value HIGH! And you protect your dollars worth every time you buy a bond pay off a debt ... refuse to hoard goods or frequent black markets. That's how to make dollars count MORE!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. I will pay off old debts, save for the future, invest in Victory Bonds and War Savings Certificates. And I will support taxes which help lower the cost of living.

Keep Your Dollar Value High!

Published by THE BREWING INDUSTRY (ONTARIO) to help reveal the dangers that inflation represents for all the people of the Na

for YOUR OWN and CANADA'S **FUTURE YEARS of PEACE**

#### HARKAWAY

• That old saying, so well known to farm folks:::
"Plow to the end of the furrow"... so aptly makes our duty plain. And the end of the furrow is beyond the horizon.

Our men on the fighting fronts have weary, trying days ahead of them. We, on the home front, must not waver nor falter. Our duty is clear, we must keep faith with our fighters. On Canadian farms we must maintain our efforts to produce the foods our fighters and our allies need. That work will reward us with increased incomes.

And we must save ... to have money to lend to our country to pay the increased costs that this war continues to pile up.

Money invested in Victory Bonds will help to buy the tools of war. They don't last long in action.
They must be replaced. It's our job ::: the home front job ... to see to it that our fighting men have everything they need.

Victory Bonds yield a double harvest. They provide our country with money to carry on the war. Later, they will provide money to buy things we will want and need, and which we have done without during the war. Victory Bonds will provide cash to pay for improvements for farm and home . . . new buildings . . . new machinery : . . better stock . . . new car . . . furnishings and conveniences for the home:

Invest in Victory

BUY VICTORY BONDS WITH MONEY IN THE BANK BUY MORE ... ON CONVENIENT DEFERRED PAYMENTS

Victory Bonds pay double bank interest—3 %. Buy Victory Bonds with your savings.
You can also buy Victory Bonds on convenient deferred payments. Pay 10% when
you order the bonds and the balance any time over a period of six months.
