LONG-RANGE planning for the transition of the Canadian Pacific Railway Company from a war to a peacetime basis was foreshadowed recently when D. C. Coleman, Chairman and President, announced the assignment of H. J. Humphrey, formerly Vice-President of the Company's Eastern Lines, to the control duties.

"Mr. Humphrey, formerly Vice-President of the Company's Eastern Lines, to "special duties".

"Mr. Humphrey's exceptionally wide experience, extensive public contacts and comprehensive knowledge will be devoted primarily to the solution of problems that will confront the Company in the period of transition from war to peace", Mr. Coleman said. Mr. Humphrey is now located at the Company's headquarters in Montreal.

He is succeeded as vice-president, Eastern Lines, by E. D. Cotterell, formerly general manager, Eastern Lines, who is promoted to vice-president, and general manager, with headquarters in Toronto. Both Mr. Humphrey and Mr. Cotterell report to W. M. Neal, C.B.E., Vice-President of the Company. The appointments became effective October 1.

These changes again bring into the spotlight two officials who have each made great contributions to the steady advancement of Canadian railroading and have devoted their entire lives to the development of this vital phase of Canadian life.
