NOTICE TO EMPLOYERS AND THEIR MALE EMPLOYEES—Including Farmers

By an order signed on August 15th, 1944, by the undersigned Minister of Labour under authority of National Selective Service Mobilization Regulations, 1944:

- Commencing August 22nd, 1944, every employer is required to check the documents held by each newly engaged male employee, within 7 days of the employee's engagement, to determine if such employee possesses documents to show that he is in good standing under National Selective Service Mobilization Regulations, 1944 (that is, in relation to the Military Call-up);
- Every employer must report on Schedule 9 to the Registrar for his Mobilization Division, concerning any employee found not to possess documents as referred to;
- Every employee is required similarly to check the documents held by each male employee now working for him, whose documents he has not checked before, and to report to the Registrar for his Mobilization Division at once on any such employee found not to possess documents as referred to;
- Any male employee here referred to, is required by the Regulations to present his documents to his employer for purposes of inspection;
- FOR THIS PURPOSE "EMPLOYER" INCLUDES ALSO ANY FARMER OPERATING A FARM, WHO HAS A MALE PERSON WORKING FOR HIM;
- Penalties are provided for any employer or male employee who fails to comply with these Regulations.

By an earlier order, employers were required to check the documents held by their male employees, and to report by May 1st, 1944, on doubtful cases as well as cases where employees did not possess documents.

Employers are asked to remember that they do not report on men who do possess the necessary documents—only on those who fail to present documents for examination, or where there is doubt that the document presented actually proves good standing.

The employers of Canada, including farmers, co-operated very satisfactorily on the first check, made up to May 1st, last. This co-operation was decidedly helpful, and is very much appreciated. Further co-operation is now earnestly requested.

Schedule 9, for reporting to the Registrar, and details as to documents which prove good standing, are available through the nearest Employment and Selective Service Office.

Farmers not needed on the farm during the winter, who answer the urgent call for winter workers in other essential industries, will be given a continuance of postponement of military training while away from the farm.

HYDRO Lightens The Way!

THEY WOULDN'T HAVE BELIEVED IT!

The gay nineties weren't so gay, by today's standards. Think how the folks then would have felt had anyone told them that the wonder of the modern motion picture theatre. They wouldn't have believed it!

In the transition from those days to this modern age we owe a great deal to electricity. Today—we are dependent upon it in hundreds of ways. It will do more for us in the days to come.

In the future Hydro will serve industry, the home and the farm in even greater measure than in the past. Plans now to let Hydro lighten your tasks and make your living more comfortable in the brighter days ahead.

THE ROAD BACK

WITHOUT PRICE CONTROL

HOORAY! NOV. 11 1918

WE HAD NO PRICE CEILING LAST YEAR

EVERYBODY THOUGHT INFLATION WOULD BE HERE

COST OF LIVING POSE

PRICE BOOM REACHED PEAK

THE WORST INFLATION CAME AFTER THE WAR THE LAST TIME... TO BE FOLLOWED BY DISASTROUS DEFLATION, UNEMPLOYMENT AND CONFUSION. FOR CANADA TO MANAGE SUCCESSFULLY THE CHANGE BACK TO PEACE, MAINTAIN EMPLOYMENT, AND MEET THE WORLD'S COMPETITION... WE MUST CONTINUE TO HAVE STABLE ECONOMIC CONDITIONS. TO PROTECT THE INDIVIDUAL FROM RISING COSTS OF LIVING AND LATER UNEMPLOYMENT WE MUST CONTINUE TO PREVENT INFLATION.

To prevent a repetition of the conditions following the last war
PRICE CONTROL MUST BE MAINTAINED
AS LONG AS INFLATION THREATENS US.

This can only be done if production is efficient and economical, costs are kept down and consumers refuse to pay more than ceiling prices.

One person can start it!

When one person demands more for goods or services he compels others to do the same and Price Control goes out the window.

THIS IS ONE OF A SERIES ISSUED BY THE GOVERNMENT OF CANADA TO EMPHASIZE THE IMPORTANCE OF PREVENTING A FURTHER RISE IN THE COST OF LIVING NOW, AND DEFLATION LATER
