Warm Weather Gives Way | Geo. Duncan's Sale Register To Chilly Winds

The spell of warm and spring-like weather, with high temperatures unheard of in this district for this time of year, have cleared the countryside almost completely of SDOK. After spring-like weather on Sunday with bright sunshine, following the showers of Saturday it has turned decidedly coller and March winds have a hint of frost in the air.

PARENTS: Through the mail, shortly after March 22nd, all families will receive a Family Allowances Registration Form. Fill in this form as soon as it is received and mail it back in the envelope in which it came. Please do this promptly -it is in the interests of your children.

The form you will receive is very simple. There are only seven questions and only a few minutes need be required to complete the form, but be sure to answer every question.

Family Allowances are being provided to assist parents in the raising of their children. This monthly allowance is to be used for health protection, for doctors, dentists and nurses; to provide

better food, adequate clothing and shelter, and to help equalize oppor-tunities for all children.

INCOME TAX: No one will benefit from both Family Allowances and a full income tax deduction for their children. Parents have the choice of applying for their Family Allowances or not claimhe allowance and claiming the full deduction for their children under Income Tax. If they claim the Family Allowance, the amount of deduction from tax allowed for children under the Income War Tax Act will be reduced by the amount of any Family Allowance received. Anyone who is uncertain whether or not he or she will benefit from Family Allowances more than from Tax Deduction should register for the Family Allowance and in this way be on the safe side. Incomes may change during the course of a year.

The handling of this wartime volume of cheques is quite apart from numerous special services which the banks have undertaken-the delivery of millions of Victory Bonds and the sale of countless War Savings Certificates; ration coupon banking; subsidy payments to producers; foreign exchange operations.

Yet all this extra work has been carried out at a time when new help has had to be trained to take the place of more than 8,500 bank workers now in uniform.
