VANDELEUR

(Held over from last week)
There was a fine showing of sound moving pictures in the Community Hall on Tuesday evening, May 15th, under the auspices of the local Farm Forum.

Mr. Ed. Engle, assistant Fieldman for the Grey County Federation of Agriculture had charge of the machine. There were two pictures, including two sing-songs. There will be another showing on June 19th.

Mr. and Mrs. Jack Hill entertained a number of friends and neighbors in their home on Friday evening of last week when dancing and social intercourse were enjoyed.

The May meeting of the Farm Forum will be held in the Community Hall on Monday evening, May 28th. A special speaker is expected to be in attendance.

Rev. Price of Toronto occupied the pulpit in the church on Sunday afternoon, May 20th and preached an interesting sermon. Some beautiful flowers adorned the altar in honour of Mrs. C. B. Boland, who passed away three years ago.

Congratulations to Miss June Free-man whose picture graced the front cover of the May issue of The Farmers' Magazine. She is pictured standing in front of a huge clematis in full bloom in front of her home. We also

There's no finer tire built!

COMPLETE SERVICE

extend congratulations to Bruce Graham who was awarded one of the championships for showmanship at the College Royal at the O.A.C. The award brought Bruce some fancy prizes and was won over contestants of all years while he is only in his first year at the O.A.C.

Cream

In view of present circumstances in respect to the continued shortage of gasoline and truck equipment our trucks are again collecting cream this year—three times in two weeks.

The effect of the above pick-up schedule on cream quality

We are glad to say that due to the extra care given cream by the producer, the quality of our product, last year, did not suffer at all. We hope that we will have the same splendid co-operation again this year and thereby help to maintain the high standard of butter; at the same time save gasoline and equipment until the conclusion of the war.

FOR YOUR CONVENIENCE THE CREAMERY WILL BE OPEN WEDNESDAY AND SATURDAY NIGHTS

Markdale Creamery and Produce Co.

Findley McDonald's 5 Year Plan For North Grey

When I accepted the Liberal nomination for the Federal House, I did so in the belief that, as a life-long citizen, who is familiar with the needs of North Grey, I could adequately represent this constituency and try to obtain for it, improvements and aid that would mean much in the development of the district and contribute to the benefit of all its people.

In this respect, I am fully alive to the important projects that should be advanced for the development of the City of Owen Sound. While not a citizen of Owen Sound, I live in Sydenham Township, within six miles of the city. My grandfather settled in our locality over 100 years ago, and since then, our family has made Owen Sound its market and shopping place. I am keenly alive to the aspirations and plans for the future of Owen Sound, as well as Meaford and Thornbury, and when elected shall go out and fight for urban interests with the same aggressiveness as I will use in urging the improvements affecting the townships.

When I am elected, I would aim definitely to accomplish worth-while things for North Grey, and I am listing some of the plans I would endeavour to carry out during the five year term. Every one of these ideas is possible of attainment. This is not a general program that may mean anything or nothing, but is a down-to-earth plan and each one of the ideas is possible of attainment and each would be of real benefit to our citizens. As a matter of fact, the sum of \$174,000 has been already included by the Federal Government in the post-war program for Owen Sound (mostly for the Harbour) and other work has been planned for Meaford and Thornbury. I would continue to see that the interests and needs of North Grey were constantly kept before the Government.

FINDLEY McDONALD
Liberal Candidate
Dominion Election
Monday, June 11th

HERE IS MY PROGRAM:

1. Carry on vigorously, the negotiations started by W. F. Telford and Walter Harris, M.P. for Grey-Bruce, for building an airport in this district, in connection with the proposed Trans-Canada Air Lines new air route from Toronto to Winnipeg, across the Great Lakes. Government surveys have been made and preliminary plans are being prepared for a huge airport within 12 miles of Owen Sound. The construction of the airport would cost over a million dollars and would be of lasting benefit to this entire district, for it will give us a place directly on a transcontinental air line. This is the most important project for the advancement of the district under consideration to-day, and would have my full support.
2. Continue the program of harbour improvements at the Port of Owen Sound, carried on for 19 years under the guidance of the former member, W. F. Telford. The next step is to straighten out that section of the West Side of the harbour north of the C.N.R. shed, known as the Dry Dock property, and construct a modern wharf there. Also, to plan ahead for an up-to-date passenger wharf, where large cruise ships can be adequately docked.
3. Urge, as part of the post-war program, the construction of a new federal building in Owen Sound to accommodate the offices of new Government departments which have been opened to serve the district. This could take the form of a new building to house all departments or a separate one for the Employment office, Government Annuities branch, Prices and Trade Board office and other departments which will be opened here to serve the Grey and Bruce area.
4. Request the Postmaster-General for a complete survey of all rural mail routes in North Grey, with a view to developing a more efficient and prompt distribution of mail to residents in the township, by reorganizing existing routes, or if necessary, establish new routes. It is nearly 35 years since the present routes were laid out, and in many townships, conditions have changed.
5. Make further harbour improvements at Meaford, that would assure the future of that lake port, and also afford proper protection and facilities for the large fleet of boats operated by tourist guides.
6. Urge the opening up in Owen Sound of a district income tax office where the people of this area could consult officials on their problems and where payments and adjustments could be made.
7. Build a new Armouries in Owen Sound, or have the Department of Defence purchase the Curling Rink, now leased as an Armouries and thus enable the Curling Club to finance the construction of a new rink, or return to their old property.
8. Urge on the Federal Department of Agriculture, a careful survey and study of North Grey Townships, with a view to recommending special lines of agriculture and fruit growing, which could be successfully carried on in this area and for which our soil and climate are suitable.
9. Co-operate with the fruit growers of Thornbury, Clarksburg, and the Beaver Valley in developing new processes and markets for apple crops and furthering the interests of this industry.
10. Approach the Canadian Broadcasting Corporation to have their network programs come through our district radio station C.F.O.S. At present the "Trans-Canada" programs can be heard at times, only with great difficulty and "Dominion" network programs cannot be heard at all in North Grey.
11. Have the Post Office Department arrange a Sunday evening outgoing mail service from Owen Sound, either via the C.N.R. Sunday train from Meaford, or by inaugurating a Sunday evening train from Owen Sound over the C.P.R.
12. Seek to re-establish three mail collections a day from all street letter boxes in Owen Sound. At present, the system is curtailed and a new collection all over the city should be made each afternoon for mail to go out on the C.P.R. five o'clock train.
13. Co-operate with the city officials of Owen Sound, Meaford and Thornbury, in seeking to establish in these centres, new industries that could be established profitably in this part of Ontario.

Vote Liberal - - Vote McDONALD

Published by North Grey Liberal Association.

JUST PLAIN SENSE!

The Canadian people have made a magnificent contribution to the common victory in Europe.

The Liberal administration can say with honesty and justice:

This is the Government which has directed Canada's war effort at home and abroad.

This is the Government which during the war worked out a program of full employment and social reform.

These things are now a matter of record and of common knowledge.

On the basis of its record the choice of Prime Minister King's party to form the next Government of Canada is a matter of just plain sense!

Let the Liberal Government finish its work
