Some knitting wool and several quilt tops and batts are on hand. After some discussion it was decided not to bother with the exhibit at the Fall Fair, owing to the shortage of goods on hand. Mrs. Laycock read a short poem. Lunch was served by the hostess after the National Anthem was sung. Next meeting on August 8th will be held at the home of Mrs. McDougal.

A large congregation was present at St. Phillip's Church on Sunday afternoon for the annual memorial service. Beautiful bouquets added to the interior appearance of the church. The service was in charge of the student, Mr. Wynn. Rev. R. Salmon read the very appropriate lessons and preached a very fine sermon on present Christian problems. Miss B. A. Dixon rendered a solo, "Abide With Me." The offering was most generous for which the church workers are very grateful, as it was a recognition of their efforts in beautifying the last resting place of former church workers.

# **Eggs**

Sorry to say that the quality of the eggs, we are now receiving, is not nearly what it should be.

There are far too many 'B' grade eggs — placed in this grade on account of heavy yolks.

There are several causes of heavy yolks - one being exposure of eggs to warm temperature — and another - hens being let out while still hungry, filling up on grass and anything else they may find.

In order to overcome these obstacles we strongly arge the producer to follow these suggestions:

1. Avoid letting hens out if possible. If you let them out, feed them well in the forenoon and let them run for a short time, only, in the afternoon.

2. Gather eggs at least twice a day and place in a wire basket or open-sided container to allow for air circulation.

3. Keep eggs in a cool place.

~ ~ @:

4. Market at least twice a week.
