### New England W. I.

The July meeting of the New England Women's Institute was held at the home of Mrs. Ernest Hodgkinson near Rocklyn on Tuesday afternoon, July 24th. In the absence of the president, Mrs. Russell Graham, the 2nd Vice, Mrs. Cliff Risk, presided. The meeting commenced by singing the Institute Ode, followed by "O Canada." The Lord's prayer was repeated in unison. Scripture lesson, taken from Luke 4, was read by Mrs. Bill Clugston.

A discussion on hospitalization followed and a committee composed of Mrs. Sam Wiley and Mrs. Cliff Risk were appointed to finish up the business concerning this matter. The copper collection contest was dealt with. The Tweedsmuir Book committee is composed of Mrs. Bowen, Mrs. Shaw and Miss Freeman. They are to gather information on the early history of the community. A committee was also appointed to look into the matter of a play entitled, "Untangling Tony," to be given in the near future. The roll call was answered by suggesting a good name for a country home.

The motto, "If you want to keep the country clean, let everyone sweep before his own door," was very ably given by Miss Doris McAfee. A duet by Misses Norma and Iola McAfee was very sweetly rendered. A paper on Citizenship was given by Mrs. Grace Shaw. Mrs. Ernest Hodgkinson conducted an interesting contest on names of Ontario's counties, which was won by Mrs. Bill Clugston. A very enjoyable meeting was brought to a close with the singing of the National Anthem.

The lunch committee, Miss Della Wiley and Mrs. Geo. Alderice, served a very dainty and appetizing lunch. The August meeting will be held at the home of Mrs. Sam Wiley, jr.

than those who try to do nothing and succeed." Dr. Carefoot discussed the following health problems: Gout, Prevention, Vaccination for Smallpox, Sore Feet and Chills, Nose Bleeds, Blood Donations, Serums and Transfusion. Mrs. Russell Freeman gave a splendid talk on Hospitalization, which resulted in a committee being formed to meet at H. I. Graham's on Tuesday evening, the 24th. Also, a meeting of the section and Institute members and all interested in the Hospitalization Plan is to be held in the Community Hall Thursday evening, July 26, when Mr. Cooper of Markdale will be present. The 26th annual meeting of the Canadian Weekly Newspapers' Association planned to be held at Quebec in September, has joined the band of conventions that have been cancelled in accordance with the restrictive order of the W.T.P.B. ## HYDRO RURAL SERVICE . . . WHEN?

To the Hydro,  
Dear Sir,  
I am writing to ask when am I going to get electricity brought to my farm. You've had my application for some time and I was told that it had been approved. The Hydro wires pass my farm. Why then is nothing done about it?  
Please let me know if this matter has slipped your mind, or do I get electricity?  
Yours truly,  
John Rxxxxx  
R.R. No. 6, xxxxx, Ontario

To the writer of this letter and several thousand others who are in the same position, your Hydro can definitely say that your application for service certainly has not "slipped our mind." Everything that can be done is being done to serve as many new customers as soon as possible.

Even though many regulations have been relaxed, and the war in Europe is over, there is little, if any, sign of improvement in the shortage of labour and materials. The shortage of only one of the many parts needed to complete a service results in a delay. The labour and materials available are being used with extreme care and planning to serve as many new rural customers as quickly as possible.

To those applicants in areas where Hydro lines are still to be constructed, Hydro service will be made available as the supply of labour and materials improves. Already sufficient applications have been received which will require the construction of over 2,000 miles of line that cannot be undertaken in 1945. However, your Hydro is making every effort to complete by the end of 1945 all applications made in 1944 that have been officially approved by letter.

Your Hydro has done and is doing everything possible to extend electricity to essential rural services. The Hydro rural service that you are waiting for will be completed just as soon as the labour and material situation permits.
