

FAKE FOOD FACTORY FULL OF FUN, FOOLS, FOLKS AND FELINES

Hold on there kitty! That isn't milk and that isn't a rational steak, either. It's a fake kitty, just a product of Brooklyn ingenuity. They use these things in window displays, just to make your mouth water without spoiling food. To heck with it! The place is haunted. Kitty shoves off in high dudgeon. But even humans get fooled... one lady wanted to hit a butcher because he wouldn't sell her a juicy but phony steak.

'TOY' GUNS FOR GERMAN CHILDREN

Kris Kringle won't need to bring German children any guns for Christmas—they have plenty left over from the war to play with. Here three boys have fun playing with a wrecked 20-mm. anti-aircraft piece near the Olympic Stadium in Berlin. Gun was put out of commission by the Allied bombing.

HUNGER KNOWS NO V-DAY

★ This is hunger. This is the aftermath of war. These skeleton-like Filipino children, anxiously waiting for food to stop the persistent pangs at least temporarily, represent the war victims of all Allied nations. They are badly in need of food, clothing, medical attention. It is up to you. Your contributions to the National Clothing Collection now underway will help these people, as well as provide other services for Allied peoples. Give generously. Give now.

When will I get NEW TIRES?

... AND WILL THEY STAND UP?

A definite "yes" is Firestone's answer to the second question. Wilbur Shaw, the famous race driver, proved it when he drove Firestone tires 500 miles at an average speed of 100.34 miles per hour over the Indianapolis Speedway—equal to 50,000 miles of ordinary driving.

WHEN you can buy new tires depends largely on UNNRA demands and rationing authorities. But you can be sure that once Firestone is given the go-ahead signal our full production will be devoted to your needs. In the meantime, your nearby Firestone Dealer will gladly do everything he can to help make your tires last. See him today.
