

NAZI ADMITS HE LIED

"Lied," admits Joachim Von Ribbentrop, former German Foreign Minister, during cross examination at Nuernberg war criminal trials. Sir David Maxwell Fyfe, chief British Prosecutor, forced Ribbentrop to admit he had told falsehoods during his handling of Nazi foreign affairs before the war.

Less Bread In U. S.?

A compulsory 25 percent cut in bread consumption may be necessary if United States famine commitments abroad are to be met.

Public eating establishments apparently are not cutting bread consumption as they had promised to do under the present voluntary program.

Servicemen's Pay Raised

The long-heralded improved service pay rates aimed at attracting highest-type recruits to Canada's enlarged peacetime active forces of 51,100 men were announced last week. They include a basic rate and subsistence allowance of \$95 a month for ratings, privates and airmen. The new rates are effective Oct. 1.

They compare with the pre-war rate of \$72 and the wartime rate of \$76.50.

Both Defence Minister Abbott and Air Minister Gibson are on record as saying the rates are an attempt to provide men in the services with remuneration similar to what they would receive had they decided on a civilian career.

U. S. Strike Situation

Strikes and shutdowns in labor disputes kept 650,000 workers idle across the country. The major disputes:

Farm equipment — The first of 30,000 International Harvester

workers returned to work after settlement of 85-day-old strike.

Coal — Negotiations between United Mine Workers and mine operators stalemated on royalty provision demands.

Sugar — 4,500 workers in two east coast sugar refineries return to work after companies agree to wage settlements.

Electric — Negotiations between C.I.O. Electrical Workers Union and Westinghouse Electric in 91-day-old strike continuing.

Dates For A-Bomb Tests

President Truman, who postponed atomic bomb tests in the Pacific, said these tests are of vital importance and he has been assured the new target dates would be met.

Mr. Truman said in a formal statement that the experiments at Bikini atoll should provide information "essential to intelligent planning in the future and an evaluation of the effect of atomic energy on our defence establishments".

The joint Army-Navy task for conducting the tests expects to hold the first one July 1 or as near that date as the weather permits.

Farm Machinery Ceilings

Price ceilings for Canadian-made farm machinery have been increased 12 1/2 percent, the prices board announced last week.

The board said a survey had shown that, with the swing over

from war production, unavoidable cost increases had arisen which no longer could be met without an upward revision in the retail price.

Following are the general categories of machines affected by the order: planting, seeding and fertilizing machinery; plows, tillage implements and cultivators; haying machinery; harvesting machinery; machines for preparing crops for market or use; farm power machinery; farm wagons, trucks and sleighs; dairy machines and equipment; spraying equipment and dusters; domestic water systems and pumps; barn and barnyard equipment and miscellaneous equipment.

Nazi Spies Arrested

U. S. authorities revealed the existence of a postwar Nazi-operated Werewolf organization in China with the arrest of 20 German, Italian and Japanese agents led by a close personal friend of Adolf Hitler.

Further arrests and wholesale deportations will follow. The leaders arrested will be charged with violation of German surrender terms.

Activities of the group, known as the Ehrhardt Bureau, were said to be responsible for the sinkings of American ships including at least one aircraft carrier. They are believed indirectly responsible for heavy American losses in the early phases of the Okinawa campaign and in other Pacific actions.

Dominion Day In Ontario

The Dominion's national holiday — July 1 — will remain Dominion Day to Ontario — matter what the fate of the bill passed by the House of Commons which now goes to the Senate to change the name to Canada Day.

This was announced by Premier Drew in an address to the Young Progressive Conservative Association of Ontario after the convention had passed a resolution condemning the proposal for the change of name.

THE SPORTING THING

"Hey! Watch what you're doing with that thing!"

IT REALLY IS SMART to serve Maxwell House. This famous blend of coffees has extra fragrance and flavor — extra smooth, full body. It's always "Good to the Last Drop!"

Discovers Home Skin Remedy

This clean stainless antiseptic known all over Canada as Moore's Emerald Oil, is such a fine healing agent that Eczema, Barber's Itch, Salt Rheum, Itching Toes and Feet, and other inflammatory skin eruptions are often relieved in a few days.

Moore's Emerald Oil is pleasant to use and it is so antiseptic and penetrating that many old stubborn cases of long standing have yielded to its influence.

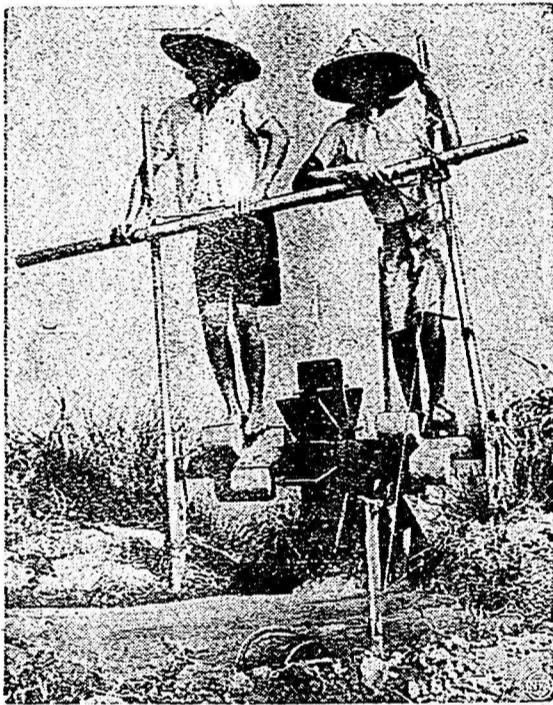

Moore's Emerald Oil is sold by all druggists everywhere to help rid you of stubborn pimples and unsightly skin troubles — satisfaction or money back.

CHILD LABOR IN SORELY-PRESSED FORMOSA

Liberated after 51 years of Japanese rule, Formosans today are not sure whether bondage to the Jap was not preferable to the "freedom" of their last six months, under Chinese rule. Famine, widespread unemployment, black markets and economic robbery impose heavy burdens. These exclusive pictures, showing young children toiling to make their meager living, were taken by Harlow Church, NEA-Acme correspondent, first Occidental photographer to visit Formosa since 1936.

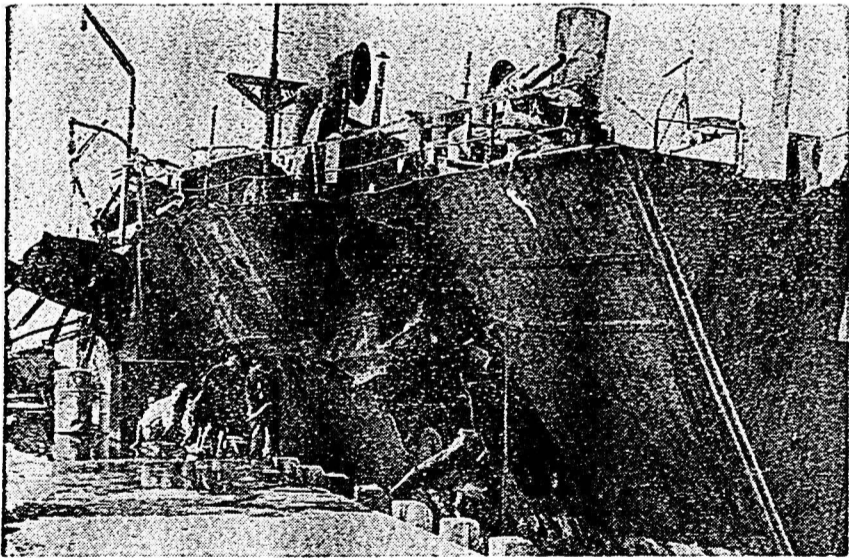

Children of Taihoku, Formosa, labor with picks and shovels in the ruined city's streets, removing and salvaging wartime wreckage.

About bobby-soxer age, these Formosan girls work all day in the hot sun, tread-milling on a primitive irrigation ditch.

EXCLUSIVE PHOTOS BARE FORMOSAN WAR TRAGEDY

The battered hulk pictured above, at a Takao, Formosa, dock, holds bitter memories for scores of U.S. servicemen. It is what is left of the Jap "hellship" Enoura, used during the war as a prison ship. In December, 1944, the Enoura, carrying U.S. prisoners of war from Manila, had just reached Takao Bay when American bombers made direct hits, partially sinking the ship. A total of 483 Yanks were killed. These were buried in a single grave on the beach near Takao. The grave, marked by a crude cairn, is pictured at right. Inspecting it are, left to right, Sgt. Robert Adams, of Willsboro, N.Y.; Takaharu Suenaga, a Jap prisoner; and Harry C. Angst, of the Red Cross. These exclusive photos made by Harlow M. Church, NEA-Acme correspondent, were the first taken by a U.S. photographer in Formosa since 1936, when the Japs closed the island.

D'J'EVER

by Collins

D'J'EVER GET YOUR CAR OUT OF THE GARAGE SOME MILD SPRING MORNING WHEN THE SNOW HAS TURNED TO SLUSH —

AND BEING LATE YOU DRIVE CARELESSLY THROUGH THE POOLS OF WATER SPLASHING HALF A DOZEN PEDESTRIANS WITH SNOW AND DIRTY WATER.

"YOU LIKE TO GET MY HANDS ON YOU — YOU BLANKETY BLANK!!"

BUT THE NEXT DAY WHEN YOU HAPPEN TO BE WALKING ON THE STREET A MOTORIST DOES THE SAME THING TO YOU!

"I GUESS I HAD IT COMING TO ME — I'M GOING TO WATCH MY DRIVING FROM NOW ON!"

...MAN, OH, MAN, D'J'EVER DECIDE RIGHT THERE AND THEN THAT YOU'LL JOIN THE RANKS OF CAREFUL DRIVERS?
