1946 is
an all-important year

FOR CANADA'S TOURIST BUSINESS

MILLIONS OF AMERICAN VISITORS are expected to come to Canada
 during 1946 for their post-war vacation.

It won't always be easy to accommodate them. We still have our crowding
 and shortages. We are still in the aftermath of war. This is the very reason
 we should all take special care to be courteous and considerate to our
 guests this summer.

*This year, of all years, we must maintain the reputation we have won for
 true hospitality.*

YOU MAY NEVER SEE A TOURIST, BUT...
 tourist dollars flow to you. The grocer, the
 garage man, the farmer, the office worker—every-
 body benefits directly or indirectly from tourist
 spending, and the extra work and income it
 creates. Last year, tourists in Canada spent more
 than one hundred and fifty million dollars. In the
 years ahead, as our ability to handle tourist traffic grows, who is
 to say how big this business may become? For Canada is in an
 enviable position—a natural vacation land next door to the most
 travel-minded nation in the world. This is an all-important
 year! It may be difficult in many ways yet it holds great promise
 for the future.

THEY'LL BE TALKING ABOUT US... We want them to come
 again. We want them to tell their friends: "We had a marvellous
 time in Canada!" By making them truly welcome, we can win
 millions of enthusiastic salesmen for Canada—"satisfied cus-
 tomers" who will pass on to many times their number the story
 of Canadian hospitality and of Canada's unlimited attractions
 as a vacation land.

**"WE HAD A MARVELLOUS
 TIME IN CANADA"**
