## Mr. and Mrs. M. K. Evans Honoured

Mr. and Mrs. Maurice K. Evans have been guests of honour on two occasions during the past week before the former takes his leave from the employ of the local hydro.

Last Thursday evening nearly one hundred hydro employees and their families representing friends from Hanover, Durham, Teeswater, Shelburne, Eugenia and Markdale, had a farewell party in the Fraternal Hall, Fiesheron. Mr. Alf Pickles expressed the esteem of Hydro associates and their regret at this popular family's removal to Toronto, and presented 'Maurice' with a leather brief case, and Mrs. Evans with a plastic purse. Mr. Evans replied in appreciation of their gifts and good wishes.

Dancing was enjoyed to music supplied by Mrs. Rudy Jarick, Jack Perkins and Alex Hughes of Hanover, and a boumteous lunch was served.

After the regular church service last Sunday evening a complimentary address voicing the high regard of the friends in Annesley congregation, was read by Mr. Aubrey Foster and Mr. W. J. Jones presented 'Maurice' with an ornate style Waterman's pen and pencil set and a steamer rug. Mrs. Evans who has been organist at Annesley Church for the past few years was presented with a bonus cheque by Milton Henry. Both Mr. and Mrs. Evans replied in appreciation of the gifts.

Mr. Evans will be joined by Mrs. Evans and children at the close of the school term. While many friends regret to see this family leaving town, the best wishes of the community will follow them to their new home in Toronto.

## War Bride Arrived

When Mrs. Manley Richardson stepped from the train in Markdale on Tuesday of last week, and saw some 'feathered natives' at the station, perhaps it took her back to the time when she had had her doubts as to what this Canada was like, for she had once contemplated her husband's misgivings about the Indians in Canada. On this occasion however, the boys from the Bank of Toronto had dressed up in Indian dress to welcome this bride of one year to Markdale.

The ship on which Mrs. Richardson crossed to her new home, the Lady Rodney, docked in Halifax on their first wedding anniversary, May 24th. There were 250 war brides aboard and they enjoyed a lovely trip. Asked what was so different about it all, this new bride thought our trains and stations were quite different, trains being built for stronger wear. Then when she had visited the large department stores in Toronto she just could not believe you could buy so many things without coupons.

Mrs. Richardson hails from Greenock, Scotland, and spent three years in the A.T.S. Their romance started in Ireland where they were both stationed near each other, Manley with the R.C.A.F., and they were married in England. And then home to Markdale where Mrs. Richardson finds Canadian ways not so different, with ever so many friendly people who join in welcoming 'this lady to our community.'

## English Bride Welcomed

The community of Walters Falls accorded a warm reception on Monday night to Mrs. Norton and his English bride who arrived in Canada with their little son aboard the Queen Mary. At a party held in their honour they were showered with miscellaneous gifts and received many congratulations and good wishes. They will live on the Norton farm at Strathavon.

## Rotary Amateur Show Attracts Large Audience

The Amateur Show on Friday night, held under the auspices of the Markdale Rotary Club, was represented by entertainers from quite a wide area. The program was quite varied and well received. Mr. Russell Hill was Chairman.

Seniors: 1. Douglas Linton, Victoria Corners, song with banjo; 2. Janet Falls, Rocklyn, vocal solo; 3. Georgina Whitney, vocal solo; 4. Maxine Teeter, solo.

Exhibition numbers included 'tap dancing' by Miss Barbara Wright and vocal solos by Miss Barbara Ann Dixon of Walters Falls.

While the judges were making their decisions, a sing-song was enjoyed led by E. D. Sawyer, and a number of the school children sang their prize winning numbers at the Music Festival. Proceeds from the concert, and the dance which followed cleared over \$100, which will be used for the benevolent work of the Rotary Club.

## FAVOUR HIGH SCHOOL AREA

At a meeting held in Durham High School on Tuesday of last week, the formation of a new High School District as outlined was approved, and provided all the municipalities concerned are in favour, the councils will be asked to take the necessary action to set up the new district. The site which would require at least 25 acres, has not been chosen.

## District Rural Winners At Music Festival

The Lass of Richmond Hill, girl's vocal solo, was the high mark of 88. With a third sister, Marion Soverby, this trio were selected to sing in the finals before they were eliminated in a list of 36 trios singing "The Woodland Lily."

Morris Freeman of Cheesville was second with 86 marks in the boy's solo (13 years and over), "Mister Sailor-man." There were 40 contestants competing in this class. As well as these were several from district schools who received honourable mention, by getting into the finals before they were eliminated. These included two singers from Orange Valley school, Shirley Bumstead and Joan Hill, who sang "Snowflake Valentines" in a class with 60 competing. In the girl's vocal solo, "Greetings to Spring," there were 67 entrants, the most in any one class, and Phyllis Brown of Orange Valley school was in 3rd place. Runners-up in this 13 years and over class were Margaret Banks, Dorothy Peart and Doreen McNally. Billy Edwards was another who was selected to sing in the finals in the 12 years and under class, as was Wayne Peart of Edge Hill school in the class for boys 7 years and under. Concluding this week will be one of the most successful festivals held yet. Each year it offers an opportunity to school children in a wide area to exhibit their vocal talent, and besides the extra training that results from such competition, the presentation is an inspiration for many to go and aim for greater laurels.

On Thursday afternoon of this week will be heard Lois Acheson and Marian Bean singing in solo.

Competition in "Who is Sylvia" and next Tuesday, June 11th, at 8:00 o'clock in Westside United Church will be heard a program of festival winners. Anyone going from here is urged to go early to not be disappointed. You have to go really early to get "seats."

There was an interesting display of exhibits at the Department of Agriculture last Saturday when the Grey County Junior Homemaking Clubs held their 'Achievement and Program Planning Day.' The entries including dining room table bouquets, party refreshments, baking powder biscuits and menus, were arranged by the 42 girls present, and these were judged by the club members under the direction of Miss P. As part of their project, "The Club Girl Entertains," or Supper Club," the girls planned arrangements for their parents' 25th wedding anniversary considering invitations, decorations and refreshments. Supper menus were planned, to complete given menus for the four seasons. In the afternoon two of the exhibitors gave comments on the club exhibits, and also on ways of serving fruit, and suppers for different seasons. Three members of the Aytion Club presented a skit "Tea is Served."

Certificates of achievement were presented to members for projects completed, and two members who had completed six projects received their County Honour certificates and pins. Club members decided that their project for next fall be "Being Well Dressed and Well Groomed."

## National Clothing Collection

European children who have survived the horror of invasion and the squalor of life under enemy occupation are clad in rags. These pathetic victims of War's aftermath are in desperate need of clothing. To relieve their misery an urgent appeal is made to every Canadian family to ransack their attics, wardrobes, and trunks and contribute every serviceable garment that they can spare to the National Clothing Collection. Local depots will be announced shortly. A. J. Norris, local chairman of the National Clothing Drive, has informed us that rural people may leave their donations of used clothing at their mail box the weeks of the drive, June 17th to 29th, where the committee has arranged for them to be picked up.

## Shower for Newly-Weds at Walters Falls

Last Thursday evening a gift shower was held for Mr. and Mrs. Thomas McCarrel, the former Mildred Rae, a Walters Falls girl, when many friends and neighbours of Harkaway community gathered for a social evening and dance. At midnight the young couple were presented with numerous lovely and useful gifts. Miss Helen Hawkins read the address and afterwards assisted Ethna Haber to unwrap the gifts.

The address to Mildred and Tom extended the best of wishes to the bride and groom who will make their home at Port Elgin. It was signed on behalf of the Harkaway community by Helen Hawken, Ethna Haber, Marjorie Menary, Russell Johnston and Harry Carbert, and read in part: "If all the good wishes we wish you to-night, were tied with a ribbon and sealed with a kiss, the Walters Falls hall would seem so small."

For it wouldn't begin to hold them all. So we must be content to put down in ink the happy thoughts that all Harkaway think—

"May God's blessings follow you from above with every success for health, happiness and love."

Mildred and Tom both thanked everyone for the presents, and invited them all to come and visit them at any time. For they are Jolly Good Fellows was sung and lunch was served, bringing a very enjoyable evening to a close.

## Nat'l Clothing Collection

What items of wearing apparel and bedding are needed for the National Clothing Collection from June 17th to 29th inclusive?

In answer to thousands of inquiries Health Minister Russell T. Kelley, Chairman for the Ontario division of the Campaign, to-day issued this clarifying statement.

"If 130 million people, including 25 million children, are to avoid death from cold and exposure next winter in Europe, we must clean out our closets and attics and give as many as possible of these items," he said. "All kinds of used, serviceable clothing and bedding are required. These include suits, overalls, uniforms, work clothes for men and boys, infants' clothes of all types, coats, dresses, aprons and smocks for girls and women, shoes in pairs, (tied securely with strings), caps, felt hats, knitted headwear, gloves, woolen socks, underclothing, piece goods, blankets, sheets and linens, draperies and remnants."

Mr. Kelley urged all householders to bundle up their donations in readiness for the Collection as announced by the Chairman of the local community.

Those pinching shoes, those shiny pants, that old-but-still-good suit, the socks that shrank, the coat too snug, that dress no longer cute, these very things would bring delight to many refugees.

So why not pack them up to-day for sending overseas. —from 'Net Results.'

This little city was circulated to-day by the Headquarters of the National Clothing Collection, as a reminder to Canadian householders to start getting together their old and serviceable apparel and bedding to contribute to the Campaign from June 17th to 29th inclusive.

Unless Canada answers this appeal with 12 million pounds of clothing and bedding, millions of people in Europe face death from sickness and exposure next winter. Health Minister Russell T. Kelley, Provincial Chairman said to-day. He urged all householders to start saving clothing for all ages, bedding, boots, shoes, overcoats, top coats, suits, dresses, gloves, caps, sweaters, underwear, pyjamas and other items of apparel.

## Markdale Tax Rate Struck at 41 Mills

Subject to a provincial subsidy of one mill, the tax rate for the village of Markdale is set at 41 mills which is one mill more than last year. The general expense rate has been reduced by two mills to make way for a two-mill increase in the public school rate, and for the first time a new rate of one mill has been set aside to provide a small grant to the Community Park. To meet these obligations without increasing the present rate several mills, nearly half the budget will, of necessity, fall for no extra spending of the treasury funds this year.

The tax rate of 41 mills is made up as follows:

County rate	6.24 mills
Public School	7.00 mills
High School	2.90 mills
Library	.75 mills
Police	1.00 mill
Debt Service	8.40 mills
Streets	2.00 mills
Street Lighting	2.12 mills
General	10.49 mills

At the special meeting of the Council on Tuesday evening, a committee composed of the Reeve and Bert Hamilton, was appointed to find out what agreement the Agricultural Society might have with the village regarding their use of King Edward Park as a fair ground. No action was taken with regard to a grant to the building committee of the local Legion branch, since a suitable site had not been selected.

## We Like the News When It's Still News

We would like to impress on our Press Reporters the necessity of getting the copy for publication into our office as soon as possible after the event takes place, and as early in the week as possible. In fact it is a good idea, if an event takes place after the paper has gone to press, to prepare it then and send it in, and it can be set up for the following week before the rush starts.

And we like to have the news while it is still fresh. If we do not get the copy for a week or two it has lost much of its news value and only appears as a matter of record. We would be glad if every local organization had someone responsible to report the news of their organization to this paper, and report it right after it happens. And of course a tip about an event that would interest others is always appreciated.
