THEIR MAJESTIES AT VICTORY PARADE

Arriving in the state landau at the reviewing stand in The Mall, London, as representatives from the four corners of the world parade to celebrate victory, King George and Queen Elizabeth were greeted with cheers. All along the route of the parade, which was headed by the King and Queen until they reached the reviewing stand, thousands roared and tossed their hats into the air. On reaching the stand their Majesties took their places and the parade passed in review before them.

Some-Good Advice On Best Way To Avoid Accidents Calm down and live! That's the advice offered during the national accident-reduction campaign by Herbert J. Stack, Ph. If Farmers Should Adopt 40-Hour Week

A Veteran of Two Wars Ask

Perhaps somewhat wistfully, Canadian farmers are noting the growing demands for forty-hour weeks and wonder how the rest of the population would like it if the farmers also should go on the shorter week and be compelled to increase the price of all farm produce as a necessary result. H. C. D. Hervey, veteran of two wars, writes to the Calgary Herald, with definite ideas on the subject of the 40-hour week. Here are question he submits to employers, labor unions and to the man in the street "Are you in favor of making anyprovision to give the farmers a 40-hour week?

"Will any of you produce or it vent a cow that can be persuaded to take a milking holiday from Fri-day afternoon at 5 o'clock until Monday morning at 8 o'clock?

"Will a 40-hour week" on the farm mean two shifts? Will two shifts mean a 50 percent increase

in the farmers' costs?. If so, will you city boys agree to pay the farmers' prices to cover this increase cost? Will you pay 60 cents a pound for good beef, 60 cents a pound for butter, 70 cents a pound for bacon, 50 cents a dozen for eggs, 15 cents a loar for bread, 15 cents for milk, \$2 for a chicken, and the state of the state and printantee to take all the far mers' produce at these prices?

'I can't do a thing with him-

Eventually old age pensions will he paid in Canada to everyone, just as children's allowances are paid now, writes W. L. Clark in the Windsor Star. There will be no means test, no burden of proo r sting on the individual to show that he or she needs the money. Those who do not need the old age pension will repay the money through income taxes, just as those who do not need the children's allowances repay through taxation today. In that way, the old age pensions will be distributed to al

and those who need them will Whether the pensions should begin at 70 or 65 is an argued point. That is, it is argued at the moment, But, eventually the age at which pensions will begin will be 65.
