Poultry Wanted

As a result of the rationing of meat the poultry market is constantly kept clear of a surplus.

We urge the poultry producer to take advantage of this situation. By finishing and marketing poultry now you are getting good prices, you are saving a long feeding period and also avoiding a more congested market later in the fall.

You may deliver your poultry or have our truck call for it.

We are paying 1c per lb. over regular prices for all poultry delivered to our plant.

We are buying live and dressed poultry; also custom kill and buy at rail grade.
