Heck, hold him—that's no record!

Another advantage to Blatchford's Egg Mash is prepared in 3 protein strengths—18%, 22½% & 36% to be used according to the amount of grain you have.

By gosh, Biddle, a farmer over Thompson's Corners was telling me about his flock of 100 hens producing 1653 eggs. Made up his own feed—the old, at a cost of \$26.30 or 29½¢ per hen.

Right proud he was, so I just tell him about what you girls are doing down here on Blatchford's Egg Mash and did I open his eyes! I told him you 400 hens produced 2822 eggs on \$85.70 worth of Blatchford's Mash on a cost of 23½¢ per hen and netted a profit of \$76.30. Well, sir, he's a Blatchford user from now on—says he can't afford to miss meals like that.
