**CREAM**

At all times—the foremost thought in our minds is to give our customers the best possible deal. Whether the cream is delivered by yourself or sent in by truck you can be assured you will receive square treatment.

**EGGS**

We are most anxious that you receive the best possible grade for your eggs so that you will receive the most money for them. In order to obtain a higher grade, your co-operation is necessary.

- 1 Eggs must be spotlessly clean.
- 2 Eggs must be kept cool—around 40 degrees Fahrenheit. (Possibly keep in basement.)
- 3 Particular care must be given to the feed of laying hens. Too many roots cause dark yolks—hence B Grade.
- 4 Market eggs regularly—twice a week if possible.

Most of the eggs are now being exported. In order to hold this market we must supply good eggs. Try the above suggestions for more "egg money."
