Farmers - Attention

WANTED: A number of progressive farmers in Western districts who would like to set out a commercial block of Red Raspberries, either for your local trade or for shipping to recommended city dealers. Recent Ontario-Quebec production figures, prices at 40c per quart and dealer reports would indicate short supplies everywhere.

To encourage a limited planting of new high yielding patches, a well known nursery is sending a special representative of many years experience in commercial production to personally interview and educate interested farmers in raspberry culture. This should result in higher unit yields, longer patch life, less hand labor and when translated into dollars at normal prices a relatively high ratio of profit is assured.

Because of the limited supply of good planting material, bookings can only be made for FALL PLANTING 1947, limited to one acre.

If genuinely interested in berry growing as a sideline to farming, write Box 457, Campbellford, Ontario, on or before July 29th, giving location of your farm. Our specialist will call later and completely analyze the business, soil requirements and preparation, up-to-date cultural practices, home markets and surplus shipping, cost of planting, estimated yields and profits per acre. Late replies cannot be covered.

Excess Profits Tax Act Standard Profits Claims NOTICE

Recent amendments to the above Act provide that all standard profits claims must be filed with the Department of National Revenue before 1st September, 1947.

All applications are required to be in such form and contain such information as may be prescribed by the Minister and the Minister may reject an application that is not made in such form or that does not contain such information.

The prescribed forms (S.P.1) are available at all District Income Tax offices of the Dominion Government.

All pertinent information required on the form must be included or attached thereto in schedule form. Tentative or incomplete forms or those filed after 31st August, 1947, will not be accepted.

TRAVERSTON

A few loads of hay were housed on Monday of last week—it rained every day the rest of the week. The prospects for having this Monday are not too bright and 90 percent of the hay crop has yet to be gathered in. Farmers need patience and courage.

Miss Audrey Sumpton of Dauphin and her grandmother, Mrs. Nellie Smallpiece of Portage La Prairie, visited the Davis home a couple of days.

Last week we had some interesting visitors for a few hours. The first pair were Rev. J. W. Greenwood and friend, Mr. Grow, of Detroit, jolly yarners and God-fearing men to boot; on Friday, Mr. and Mrs. Wm. G. McCulloch and Mrs. Herb and Mrs. Bert Hunt of Vickers, west of Durham, where we first taught school, and recalled some humorous incidents of 1896-7-8. Then on Sunday evening had a visit from Mr. and Mrs. Farrow and Crightson of Desboro and Mr. and Mrs. Sam Saunders and Robert of Chatsworth. Keeps your scribe's wits from going dormant.

Cliff Cook turned over 4½ acres of pasture sod for Joe Edwards on Friday, in quick time, and two for your scribe under apple tree boughs in speedy time on Saturday.

R. E. Bryans purchased a new 5-ft. mower last week and is awaiting a fine day to put it to work. J. H. Robinson and son, Cameron, also invested in a new one a while ago. All awaiting sunny days.

Spring grain, sown late, is making wonderful growth; may be a heavier crop than early-sown ones.

Mr. and Mrs. W. A. Greenwood and Mr. and Mrs. Percy Greenwood visited Mr. and Mrs. Glad. Edgar at Gorrie and brought Will's sister, Mrs. Allie Robertson with them for a visit to the old home.

Mr. and Mrs. Ewen McNab and his mother, spent the first of the week with Mrs. Wm. Smith of Durham.

Basil and Miss Jennie Davis, Miss Gladys Firth and Robert Ellison, were visitors with Mr. and Mrs. Harold Lawrence, the first of the week.

Mr. and Mrs. Ellison Baker and family of Montreal, are holidaying at the Baker homes on the 10th Con. Sandy and Ellison have won rapid promotion in the Bell Telephone employ. They are here for a while.

Mr. and Mrs. Dave Bradley of Holton and Miss Maggie McGeachie of Galt, spent an evening last week with Mr. and Mrs. W. R. Jack and Clara.

Master Bobby Hunt enjoyed holidays last week at Mr. and Mrs. Donald Reay's of Dornoch.

Lorna Peart eluded farm duties and spent a few holidays with uncle and auntie, Mr. and Mrs. Wilfred Barbour, in Durham.

Mr. and Mrs. Mel. Anderson and Joan of St. Paul's, Egremont, were guests of Mr. and Mrs. E. R. Peart, first of the week. Joan is remaining to spend some holidays with Jean.

Mr. and Mrs. J. C. Cook and Shirley were guests of Mr. and Mrs. Stewart Jackson of Walkerton. Mrs. Dr. McArthur returned with them.

After being with his late father during the last weeks of his illness, John McArthur Jr. and his wife returned to their home in Bruce, Alta., on Monday. His mother is left alone on the farm of 100 acres and his auntie, Miss Maggie, alone on a 200-acre farm across the road. Help wanted there.

For about 33 years we have been writing of folks visiting here and there on the Sabbath Day; next week we propose telling of those who attend the local church. Won't there be a change? Some howing, but the ministers will have cause to rejoice, eh!

Announcing

In order to handle the ever increasing quantities of eggs we have just completed a new and modern egg grading station. It is located beside the cold storage with entrance from our yard and a good driveway leading around the building.

We ask your kind co-operation after unloading cream at the front to drive around to the west side of the building and leave off eggs where empty egg cases will be available for pick-up.

We hope to give you even better service in our new quarters.

For your convenience the creamery will be open Wednesday and Saturday nights till 10 o'clock.

Business Life Starts With Pocket Money

To your youngster a dollar may mean ten comic books or a dozen-odd candy bars. It can also mean a step on the road to success. . . for it takes only a dollar to open a savings account in the Bank of Montreal.

When you encourage your child in the habit of regular saving, you do much more than build a bank account. You help him to achieve stability, purposefulness, patience . . . help him to help himself.

By the time he's ready to begin his full-time career, he will realize the value of a financial reserve that may enable him to ward off misfortune or take advantage of opportunity.

Why not send him around to the B of M to open an account tomorrow? W. E. Cramp, local branch manager, and his staff will be happy to assist your youngster to make his first deposit in a "success fund".

We will be closed

the first week in August

to enable our employees to enjoy a vacation
