Electric power is vital to Industry, and Ontario is

experiencing an era of high production, unparal-

leled in its history. Contrary to expectations, the

demand for electric power did not drop sharply

following the war. More electric power is actually

being used today for production of peacetime

goods than was required at any time to forge

weapons for Victory. This demand is constantly

increasing and, during the next six months, Hydro

New Hydro developments, planned to keep

pace with Ontario's growth, were halted during

the war years. They have since been hampered

by shortages of men, materials and equipment.

power are being rushed to completion. Some are

already in operation. But the need for saving

electric power in your own home, during the Fall

and Winter months, is urgent if the needs of

Industry and Agriculture are to be fully served

Won't you please play your part? Remember— even a little bit of electricity, conserved by hun-

dreds of thousands, helps a lot. It's your Hydro.

Use it wisely so that Hydro facilities can more

adequately meet the demands of all consumers.

THE HYDRO-ELECTRIC

POWER COMMISSION

OF ONTARIO

and employment maintained at peak levels.

However many new stations to deliver electric

facilities will be strained to the utmost.

ELECTRICITY

**Maintains Employment...** 

**Keeps Pay Envelopes Full** 

PLEASE DON'T WASTE IT!

Clip out and retain

Here are a few ways you ca

Save

**ELECTRICITY** 

Turn off all unnecessary lights. Don't forget about burning lights in empty rooms, halls, basement, attic, porch and garage. Eliminate all colored bulbs.

Keep lamps, reflectors and shades clean. Dusty fixtures waste as much as 25% of your light.

When kettle sings, turn off switch. Stored heat will bring it to a full boil. Keep kettle free from lime.

When cooking, use "High" heat for as little time as possible. Then turn to "Low" and use stored heat.

Use oven for cooking complete meals, rather than the cooking surface. Only one element is required for the oven process while three or four elements are needed for the cooking surface.

three or lotter estimates are the tector for the cooking surface.

Use the correct size of cooking utensil on the proper size element. When cooking vegetables, use a minimum amount of water.

Defrostrefrigerator, regularly, when ½ inch of frost has accumulated on the evaporator.

Where water is electrically heated, please use it sparingly. A drop a second from a leaking hot water tap can waste as much as 175 gallons a month.

Fill washing machine to water line only and keep lid on tub when washing. Do not overload.

Wherever possible, use the wringer at same time as clothes are being washed in the tub.

Please do not use portable electric

Please do not use portable electric heaters as they place a heavy strain on your Hydro System.

Your toaster, vacuum cleaner, elec-tric iron or other electrical appliances should not be used any longer than required

# PRICEVILLE LADY PASSES Mrs. Dougail MacDougail, 84, who pessed away Saturday afternoon in Durham Memorial Hospital, was buried on Monday afternoon, with a funeral service beld in her home, in charge of Rer. Mr. Gandier. Mrs. MacDougail was the former Sarah Ann Morrow, daughter of the late Thomas and Eleanor Morrow of Pricerille. She is survived by twin brothers, William of Dundalk and Samuel of Petersburg, a brother, Henry of Priceville, being prefereased. A New Place To Eat... This week we announce the opening of "MICKEY'S GRILL" on Markdale's Main Street

was in charge of Mrs. McInnis. After the opening hymn, Mrs. Harrower led in prayer, and the scripture was taken from Psalm 12. Twelve members answered the roll call.

Mrs. Harrower thanked the ladies for the card sent David, and a letter of appreciation from Mrs. Rusk was read. A letter from Holland Centre W. A with recard to mainting the

of appreciation from Mrs. Rusk was read. A letter from Holland Centre W. A. with regard to painting the garage at the parsonage was received, and it was decided that Harkaway should pay half the painting bill. Final arrangements were made for the foral supper and each family is being asked to donate two cans of pork and beans.

The next meeting, at Mrs. Carbert's will be in charge of Mrs. Goudy as leader, with Mrs Tolton and Ethna Halbert to give readings.

Tea money was \$1.66.

SHOOTING MATCH
