CREAM
 We stressed, in our previous ads, the extra care which should be given milch cows during the cold autumn nights. Due to the efforts on the part of the cream producers the production has kept up exceptionally well. Keep up the good work.
 — POULTRY —
 We are continually striving to secure best possible markets for poultry so that we, in turn, can pay the producer the highest possible prices. If your poultry is ready for market, deliver them to the creamery or have our truck pick them up.
 — FURS —
 We are buyers of raw furs and are paying particularly good prices for wild mink. Get in touch with us.
