IDEAL HOLIDAY WEATHER

Christmas season will go down on record as the most ideal experienced here in many years. Sufficient snow was on the ground for sledding, to-bogganing, skiing and other winter pastimes, but there was not too much of the 'beautiful' that it interfered with motoring, with a bracing clear winter air that is most delightful The temperature remained below freezing making a splendid ice surface at the local Arena for many folk to enjoy themselves.

SHELBURNE MILL BURNS

A fire which occurred 50 years to the day, after the great fire of 1887 and wiped out the business centre of the town, occurred at Shelburne Dec. 18th and destroyed the grain elevator and new chopping mill owned by Shelburne Farmers Co-op. Damage estimated at 75,000 is said to be covered by insurance. Twelve thousand bushels of grain stored in the elevator were destroyed, while three box cars loaded with Western grain, and a flatear leaded with tractors were pushed out of the path of the flames by volunteers. The CPR station nearby narrowly escaped destruction

Rotary News

At Tuesday night's meeting of the Markdale Rotary Club, Rev. Herbert L. Troyer addressed the Club on Career Planning with particular reference to high school students of today. He pointed out that while every ence to high school students of today. He pointed out that while every ence to high school students of today will be the fature, nevertheless very little was rad and resources. We must realize that the youths of today will be the leaders in the year 2000. When we realize the charges that have taken place in the past twenty-five years it is hard to visualize what the next fifty years will mean. When one realizes the greatly increased number of vocations which have opened up in the last quarter century it requires a vivice imagination to visualize what the next fifty years will mean.
