HOW MANY GALLONS PER MONTH is this tap WASTING?

25? 80? 175? 100?

(see answer below)

And if the water is heated electrically, "wasted Hydro" is flowing down the drain too!

● Electricity that is needed to keep our factories running at full capacity . . .

● Power that might have been put to use to make the things that you need and produce the goods that sustain our vital export trade . . .

● Power that might have helped increase our mineral wealth or raise production on our farms.

"The little bit of power I waste will never be missed," you think.

But that "little bit of power" SAVED by ALL Hydro consumers means a LOT. Please play your part.

* 175 gallons per month!

More Money in the New Year

As we see it—A greater production of cream for butter is now necessary if we are to keep oleomargarine off the market. The present price of cream certainly warrants a greater herd, additional feeding and better care of the milch cows.

— POULTRY —

We are still buying live and dressed poultry and do custom killing. The creamery will be closed Saturday nights till further notice.

— EGGS —

A word to the wise—In the near future we will be able to pay more money in comparison with last year's prices for your eggs for export.

IN MEMORIAM

FLYNN—In loving memory of my dear mother, Julia Flynn, who passed away January 8th, 1947.
Peaceful be thy rest, dear Mother, It's sweet to breathe thy name; In life we loved you dearly, In death we do the same.
Always remembered by Daughter Janie, Husband and Family.

IN MEMORIAM

HAMPTON—In memory of W. E. Hampton who passed away January 2nd, 1947.
A loved one has gone from our circle
A dear one has drifted away;
He silently passed through the valley
To the land that is fairer than day.
For him the journey is ended
He has come to the end of the road
Where we leave all our burdens and sorrows
And lay down the Cross with its load,
Like a ship far out on the horizon
We watched him fade away,
To the land beyond the sunset
Where we hope to meet some day.
—Lovingly remembered
by Wife, Son and Daughters.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

SEMI-PRO LEAGUE ORGANIZED

The Semi-Pro League has been re-organized, and will have six teams, namely: Markdale, Fesherton, Rock Mills, Fesherton, Proton and Dundalk. Contrary to its name, Semi-Pro League is not a team of semi-professionals, but rather a league giving opportunity for players from rural communities as well as district towns to get into Canada's national game.
Dr. R. L. Carefoot has been named Honorary President of the Semi-Pro League; Harold Best and J. W. Adlam of Fesherton are President and Sec.-Treas. respectively.
For the Markdale team George McCrea is the manager, and they will be coached by George McCrea. They have been besieged by 'scores' of lads who want to play hockey. So far the team includes the following players, and other lads will be given a chance to play as they prove themselves at practice.
Goal, T. McKenzie; Def., H. Mercer, W. Walker; Cent., F. Fitzsimmons; Wings, A. Kleist, R. Ryan; Alternates, C. Ryan, F. Peters, Carl O'Neill, Bud York, A. Stewart, J. Carbert, H. Merriam, L. Carefoot.
The first game was played here last Friday night, when Dundalk won 8-5.
