More Milk... Higher Quality
 ...with less time, work and equipment

with **CO-OP** the UNIVERSAL milker

Faster Milking increases milk yield... you get all the milk each milking; you keep milk production high throughout lactation. Here are two exclusive CO-OP Universal features that make machine milking faster... simpler:

CALF-NOSE INFLATIONS—patented off center openings do away with "crawling," eliminate need for stripping with but rare exceptions. Large size accommodates flow of easy milkers as well as hard milkers.

CALF-NOSE CLAW—scientifically designed, it places heavier milking action where it is needed—on the heavier-milking rear quarters. Thus, all four quarters finish milking at approximately the same time.

PLUS Protected Low Vacuum CO-OP Universal Milkers milk fast and efficiently on only 10 to 11 inches of vacuum... controlled and protected by a weight-type relief valve and a mercury-column vacuum gauge.

Remember, too, there is a CO-OP Universal Milker to best fit your individual needs. Only your cooperatively-owned CO-OP Universal Division makes a complete line of milking machines: Standard Calf-Nose Milkers... Short-Tube Milkers... Floor and Track-type Portable Milkers.

CREAM

The tremendous demand for butter which was created during the war is still with us. As it now looks, there will be no interference with its market, as far as substitutes are concerned. Would it not, therefore, be wise on the part of the producer to step up the production by adding to the dairy herd and a little extra feeding and care—Good business on the part of the producer and appreciated by the Canadian consumer.

Let us again stress the fact that by stepping up the production you are helping to keep the market for butter only—not for substitutes. As usual, highest possible prices and best possible service continues to be our motto.

IN MEMORIAM
HOLLEY—In loving memory of a dear mother, Mary Lavina Holley, who passed away March 11th, 1945. And while she lies in peaceful sleep. Her memory we shall always keep.
 —Always remembered by—
 Lorene, Jim and Jimmy.

IN MEMORIAM
ALLEN—In loving memory of Wm. H. Allen, who passed away March 8th, 1943.
 O the home is sad and lonely,
 Without our loved one's well known form.
 But we know he'll bid us welcome
 To that land without a storm.
 And we know that he is better
 Free from sin and sorrow there,
 Safe in yonder heavenly mansion
 Jesus did himself prepare.
 —Fondly remembered by—
 Wife and Family.

IN MEMORIAM
LYONS—In loving memory of a dear husband, father and grandfather, William Thomas Lyons, who passed away March 14, 1945.
 Time speeds on, three years have passed
 Since death its gloom, its shadow cast,
 Within our home, where all seemed bright,
 And took from us a shining light.
 His vacant place there is none can fill.
 Down here we mourn, but not in vain
 For up in Heaven we will meet again.
 —Lovingly remembered by his wife
 Almeda, son Bill, daughter
 Laura, son-in-law Don, granddaughter Lauren.

Baby Chicks
 Bray chicks. You'll want them this good poultry year. March chicks get into production with Grade A large, and good body weight, that get the extra cents per dozen or lb. Started chicks immediate delivery save fuel, feed and time. Agent—MacDonald Hardware, Chatsworth.

We urge poultrykeepers to order their HESide Chicks without delay. If not, you may be disappointed in breed or delivery date. There'll be a lot of late buying. Remember it's the spring chicks that are ready for the better eggs and poultry markets. Canadian approved, breeders pulorum tested. Save time, contact agent here. Fred A. MacArthur, R.R. 2, Durham.

Every week farmers, landlords, housewives and others use "Standard" Want Ads to sell their product or buy needed articles. A minimum charge of 25 cents is all it costs.
