ON GUARD

Day and night, more dependable than ever

Today, telephones are four times as free from "trouble" as twenty years ago, and there are twice as many of them!

Each month 10,000 are being added so that soon all may have dependable telephone service and the security that goes with it.

This is being done in spite of rising costs, yet up to now there has been no increase in the basic telephone rates established 21 years ago.

For you, this means greater value than ever before; for us, the satisfaction of providing "the best telephone service at the lowest cost".
