Safe

from prying eyes

Every day hundreds of customers may be in and out of the bank which serves you.

Yet you know nothing about their transactions, they know nothing about yours.

You may be depositing or borrowing. The amount may be a dollar, or thousands.

That's your business . . . nobody else's.

You take for granted this private, personal relationship between you and your bank.

All banks see to it that your transactions—and those of about 7,000,000 other Canadians—are kept safe from prying eyes.
