On highways and byways, in villages and towns, Bell Telephone trucks are seen more and more frequently as the seen more and more frequently as the company's program for the betterment and expansion of rural telephone service gathers increasing momentum. Under the program, expected to cost between \$25 million and \$30 million by 1951 or shortly thereafter, more than \$30 million by 68,000 additional telephones will be added in the company's rural territory in contario and Quebec. Last year alone, some 860 new telephone circuits

Boxing Day had its origin in the custom of the church to have a box on Christmas day in which pennies were dropped for the poor, the following day was taken for the opening and distribution of the funds. With a more equitable distribution of the world's wealth that has ceased to be necessary, and the day has been revived as a holiday for snort.

Because we're free, we can speak our minds without fear ... we can worship as we choose ... we can change our jobs for better ones... or start in business on our own ... Because we're free to elect one party or anoth our government must stand by policies the majority of us support... Because we're free to choose one product or another, business keeps improving its wares to serve us better, thereby raising our already high standard of living. We're free because our economic system is free. Without economic freedom, all other freedoms die .. civil rights lose their meaning... the standard of living is lowered. the citizen becomes the puppet of the State. So long as we nurture and defend our economic freedom, we can safeguard all our freedoms...we can beat off every assault upon our liberties and our individual dignity. The mature strength of this truth will help us toward clear thinking and courageous living in '49. There's a tough job ahead this year, but we can do it... BANK OF MONTREAL Canada's First Bank

The above cartoon, published in the Christmas issue of The Spanner, house organ of the Canadian Pacific Railway, graphically illustrates that if the C.P.R. is to continue to pay its way and remain in business it simply cannot pay out for equipment, materials, wages and other expenses, more than it takes in. The "baby clinic" cartoon shows that transportation costs in relation to freight rates have outgrown their "britches" — to the point

where many items have increased more than 50 per cent over pre-war costs. The same unprecedented increase is true in such important items as rolling stock units as well as in materials and wages. In the latter two categories costs have jumped over 65 per cent and 70 per cent respectively since pre-war days while the price of most freight transportation items has gone up only 21 per cent.

vote cast at the Election on Monday. Such a vote is surely good enough to delight the heart

of any candidate. I wish especially to thank you for your votes and influence, with added emphasis on the magnificent turnout of the women. Some voters were unable to get out on account of illness, or otherwise, but I greatly appreciate their good intentions and influence. Also I wish to acknowledge with thanks all those who so willingly brought voters to the polls.

Yours faithfully,
