look at your home through the eyes of a stranger

Could it do with a good coat of paint and a general 'fix up'? Strange how we are apt to notice signs of neglect in someone else's house and overlook the same things in our own. It's a costly tendency, too. For one bit of disrepair soon leads to another. Wood deteriorates, when the paint wears off. A broken post undermines the whole fence. It pays to make your repairs promptly.

That goes for indoor improvements, too. You save money, time and material, by attending to home repairs right away—before the damage gets worse. And every improvement adds to your comfort and to your pride in your home.

If you need more money than you have on hand to pay for the necessary repairs, see your B of M manager about a low-cost loan. Save by paying cash. And save yourself trouble by paying off all repair bills at once.

Why not make a list of the repairs your house needs today? Then discuss your improvement plans with your B of M manager... in confidence. You'll like his helpful attitude.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

TRAVERTON
Grey County never looked so beautiful as it does now. May 15th, Seed is all finished and went into the soil in good condition. Meadows and orchards are far ahead of former years, and orchard trees of all varieties laden with bloom. Providence has been more than kind and generous.

Age is affecting your serenity's memory and activity, but he asserts he has forgotten more than most of them ever knew. No puff about that, it's there! However, not so easy to get up the news as when in more active and stirring life.

The Zion Women's Institute met at the home of Mesdames W. J. and P. D. Greenwood on Thursday with a large attendance. Mrs. Mason of Hanover, spoke on the Women's Institute officers' conference at Guelph. She was accompanied by three friends from Hanover.

Zion Church is resplendent in its new aluminum roof. The walls and ceiling have received a double coat of paint. This week the seats and flooring and furniture receive a menial coat. During the improvement services are held in No. 5 school. The new power lawn mower has arrived and went into action on Saturday. Caretaker Charles Timmins is delighted with it. No heavy pushing through grass and rickety mow. R. T. Cook and Joe Edwards gathered up all the shingles and made a clean field for him. Zion is making good headway when so many country churches are either being closed or getting dilapidated. It is a serious mistake to close those country churches.

Mrs. Mary McArthur of Durham received the sad news on Saturday that her sister (Cassie), Mrs. John Summers, had passed away in Victoria Island and was laid to rest in the Masonic Cemetery there, as her husband is a member of the craft. She was born on the farm west of your scribe, the second daughter of the late John McNally and was a credit to home and neighborhood. In 1909 she was happily wedded to Bert Summers, station agent at Bruce, Alberta. Some 20 years later they moved to Vancouver and resided there till his death. Three sons mourn the loss of a devoted mother. Jack of Vancouver, Murray of Cumberland, Alta., and Roy, at home. Another son, Bud, died a few years ago. Two sisters

4-Way SAFETY

- Centinel of Safety Switch
- Feather-Touch Wringer Release
- Cushioned Action Gyator
- Centralized Controls
- Porcelain Name Tub

No other washer combines the extra safety features of this 1948 Westinghouse Safe for you... because of the exclusive "Sentinel" device that prevents "blows" from the motor against overload and allows you to turn the washer on or off safely, even with wet hands. Safe because of the Lovell "Feather-touch" Release Wringer that releases *instantly* regardless of pressure. Safe for your clothes because of exclusive "Cushioned Action." And the Westinghouse reputation makes it a really safe investment. See the Westinghouse Washer.

SOME HIGHLIGHTS OF THE MARKDALE CENTENNIAL CELEBRATION

MORNING
EARLY TROUT FISHING EXPEDITIONS
Markdale District is noted for its speckled trout fishing—The Saugeen River, Eugenia Pond, Bell's Lake, Irish Lake—scores of places to test your skill against the wily trout. Bring along your rod and hip boots—everything else will be waiting for you.

NOON
Old friends you haven't seen in years, will be here to greet you—picnic lunches down at the old swimming hole—at Barrhead Pond or in one of a dozen familiar spots.

NIGHT
Dancing in the Armouries every night for old and young—Entertainment in the Rink for all who are too exhausted to dance.
Things will be happening 24 hours a day—we provide the entertainment but you must entertain yourselves and each other.—Come one, come all.

Labatt's
BREWERS SINCE 1832

Space contributed in the service of the Community by John Labatt Limited

VANDELEUR
(Intended for last week)
Arbor day was observed at the school on Friday, when the teacher and pupils made a general clean-up around the school and grounds. They also planted flowers, bulbs, shrubs, etc., after which there was a friendly game of softball with the pupils of Woodhouse school.

BORN
WEAVER—At the Meaford Cottage Hospital, on Wednesday, May 4, 1949 to Mr. and Mrs. Frank Weaver, a son—Carl Francis.

You share—every Canadian shares—in the greater Opportunity Prosperity Security
brought about by constructive Liberal policies

Liberals mean what they say. Look over the record of the last five years—the most impressive period of prosperity and growth in our history. It shows that Liberal performance exceeds Liberal promises.

Under Liberal policies, Canadians can be confident that this forward march will continue—that Liberal promises will again be carried out.

And lowered taxes as well!
By careful administration the Liberal government has established these records and been able at the same time to cut the national debt by 1,625 million dollars. And every budget since 1945 has announced lowered rates of taxation.

Farm Philosopher says:

"FARM IMPROVEMENT IS GOOD BUSINESS"

Do you need new machinery, implements, equipment—foundation or breeding stock—new fences, drainage—repairs or alterations to your farm buildings—an electric lighting unit?

For such purposes which help you make progress, Farm Improvement Loans up to \$3,000. may be had from this Bank on a favourable repayment basis. Our nearest branch manager will be glad to discuss the matter with you.

THE BANK OF TORONTO
Incorporated 1855

Markdale Branch
A. E. Hunt, Manager

More Jobs—More Income
More people are working than in any previous peacetime period—nearly a million more than in 1929. National income is more than 4 times as high as in 1929, is more widely distributed than ever before.

More Savings
People have nearly 2½ million more bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings.

More Production and Trade
The products of our farms and forests, factories and mines and fisheries are worth twice as much as ten years ago. And Canada's exports are more than four times greater. Canada is the world's third largest trading nation.

More Family Allowances
The federal government has, since 1945, invested one billion dollars in Canada's children. Four million boys and girls in Canada's exports are receiving a better start in life. Benefits are being extended this year.

National Health
Health grants to provinces are helping to build a stronger nation. Many projects are already under way: nine province-wide health surveys; 15,000 additional hospital beds; training for health specialists; increased health services and research.

More Old Age Pensions
Federal payments have been twice increased since 1945. The new pension basis is now increased to \$40.00 a month, providing greater comfort and security for the aged and blind.

Aid to Home Builders
Close to 300,000 dwellings have been built since the war. More homes have been built in Canada, in proportion to population, than in any other country, and more were built last year than at any time in our history.
