We Have Responsibilities as Citizens of Our Community

Don't Leave Them For "George" To Do!

It's nearing the time when Markdale and the surrounding municipalities will be electing their officials for another year. The elections will be preceded by public nomination meet-

We live in a Democratic Country, where we are free to elect the men and women whom we want to have represent us on our Governments, our Councils, our School Boards, and other Public Bodies. It is a Right that has been preserved for us through centuries. Many men from the Markdale District paid with their lives in two Great Wars to prevent us losing that Right.

Let's not lose in peacetime what has been preserved in war at so great a price. Indifference and lack of interest towards our duties of citizenship are as formidable enemies to our way of living as a modernly equipped enemy on the battlefield. Our duties as citizens include the giving of our time and abil-

ity on elected bodies. Equally important is the taking of an interest in Public Affairs, from the School Section to the Federal Gov-Our most priceless heritage in this Democracy of ours is our right to use the Secret Ballot. We cannot leave that to "George.
