Officers Elected
The annual meeting of the Funh.

Officers Elected

The annual meeting of the Euphrasia Federation of Agriculture was held in the hall on November 15th, with a good attendance. Business to end the year was conducted and the election of officers for 1950 took place, resulting as follows: President, Harry Yeadell and director to the county Federation of Agriculture; 1st vice-president, Dougal Paterson; secretary, George Alderdice; treasurer, John Lush. Two members from each Farm Forum, to be appointed, will form the board of directors.

18 DEER TAKEN A total of 18 deer were shot in the 17,009-acre Meaford tank range during the three-day open season in St. Vincent Township last week. Taken to Camp Borden, the bag practically filled a van. In Osprey, the results were not as good as St. Vincent. Hunters plunged through four-foot drifts. Sketch Plans For Home

The Department of Public Welfare has approved sketch plans for the master plan of expansion at the Grey County Home here, and architects are now working drawings on which tenders can be submitted. This information was contained in the report of the Grey County Home Board of Management, presented to Grey County council at its recent session by the chairman. Reeve Ashley A. McCallan of Hanover, and approved by council. Several changes and adjustments delayed completions of the sketch plans, said Reeve McCallan, making it impossible to have tenders in for the November session which concluded with Saturday's sitting. Tenders for construction will be submitted to the January session of the 1950 county council for consideration in reaching their decision with regard to the County Home project.

January session of the 1500 council for consideration in reaching their decision with regard to the County Home project.

The report stated that the cattle at the Home are looking well and that five championship ribbons were won at the fall fair in Owen Sound. One bull calf sold for \$125. It is expected that by next year there will be several head of choice cattle for sale, which will bring in some revenue to the farm. A team of gray Percherons was purchased for the Home farm at a cost of \$300, with the aged mare being sold for \$130.

A movie sound projector with record player attachment has been secured for the Grey County Home and will assist in providing entertainment for the residents. The report stated that a considerable amount of money for this purpose was raised and donated by the Women's Institutes of the county.
