With regard to question two, the Forum felt that with free trade much of the need for farm price supports would eventually disappear.

Favor Tariff Barriers

The Pleasant Valley Farm Forum The Pleasant Valley Farm Forum met at the home of Mr. and Mrs. C. Tolton, with 18 present. There was a lengthy discussion on complete free trade with United States and with other countries. Finally it was agreed that there would be no great benefit derived from free trade; it would perhaps ruin any home markets with their produce, so, therefore, it would be better to continue the tariff barriers.

Euchre was enjoyed, with prizes going to Mrs. Lloyd McFadden and Peter MacLean. Lunch was served. The next meeting will be held at the home of Mr. and Mrs. Mel Ward.
