## NOTICE TO ONTARIO MOTORISTS

Re Unsatisfied Judgment

**Fund Fee** 

Under an amendment to the Highway Traffic Act enacted in 1947, provision was made for the creation of an Unsatisfied Judgment Fund out of which will be paid, in the manner prescribed, judgments for personal injuries and property damage sustained by reason of the operation of motor vehicles, which cannot be collected in the ordinary manner from the judgment debtors.

The method prescribed for creating the Fund is the collection of a special fee, when required, from each person to whom is issued either an operator's or a chauffeur's licence. While this legislation has been in effect since the 1st of July, 1947, the Unsatisfied Judgment Fund Fee has been collected only since January

1st, 1949. Total fees collected for the Fund and repayments to the Fund from January 1st to December 31st, 1949, amounted to......\$638,430.37 Judgments paid out of the Fund from July 1st, 1947, to December 31st,

As there is not now sufficient in the Fund to pay judgments for a period of a year, an Unsatisfied Judgment Fund Fee of 50c will be collected from each person to whom is issued a 1950 operator's or chauffeur's licence.
