DEL THEATRE

As the C.O.L.L. schedule nears the end, everybody starts to get play fever in the northern group. The standing is as present: W L T Pts. Stanley 12 7 2 2 16. Fleisherton 10 7 3 0 14. Sheilburne 12 5 3 1 13. Markdale 10 5 4 1 11. Dundalk 9 5 4 0 10. Hartwood 10 4 1 0 9. Rocklin 8 1 7 0 9. Rocklin and Honeywood are out of the top five. It was expected that since this is the first year in the league for both teams. However, they have erected fine new rink, which are a credit to their community effort. In a couple of weeks they'll have equally fine hockey teams. Four of the other five teams go into the playoffs with Stanley and Fleisherton being assured of play-off positions. If Fleisherton wins its two remaining games, it will end up in first place. Fleisherton has done very well this year, in spite of the full share of injuries to players. The team cannot better support from the fans than their club.

PORK PROFITS start with the sow.

Building pigs within the sow... putting body weight on the sow herself as a reserve for the milking period... improving the quantity and quality of the milk after the farrows... is a job for a top quality feed... a mash that's made fresh with National Sow and Pig concentrate... Feed your next litter in the sow.

If a sow farrows 10 pigs, she must build 45 pounds last 114 days. Only a specially balanced sow ration can do this job. If you want strong, large vigorous litters - feed them in the sow and keep them growing on a ration made the NATIONAL way.
