

A General View of What Haileybury Looked Like Following the Devastation of October 4, 1922

This picture, taken about a month after the fire, shows only a portion of the devastated area. Several buildings of a temporary nature had already been put up and the reconstruction of the town begun. The view, extending from the ruins of the Armories and Cathedral on the south to the Methodist Church on the northwest, shows only a narrow section of the devastation which covered the whole area from Probyn Street to the southern limits of the town. This section today is largely rebuilt, with good houses and substantial business blocks, and presents an almost unbelievable two storeys.

1923. Since the picture was taken the Bank of Nova Scotia
Building at the left has the walls completed to a height of
two storeys.

TO HEATING, PLUMBING and ELECTRICAL CONTRACTORS

Sealed Tenders, marked "Tenders Plumbing and Electric Wiring" addressed to the undersigned, will be received at this Department until the 22nd day of October, for Heating, Plumbing and Electric Wiring of the Public and Separate Schools at Haileybury.

Plans and specifications to be seen at the office of the Clerk of Works, Public Works Department, Haileybury, and at this Department.

Each tender must be accompanied by an accepted bank cheque payable to the Honourable George S. Henry, Minister of Public Works and Highways, Ontario, for five per cent. of the tender and the bona fide signatures and addresses of two sureties, or the name of a Guarantee Company, approved by the Department, willing to provide a bond for the due fulfilment of the contract. The Department is not bound to accept the lowest or any tender.

H. F. McNaughton,
Secretary Public Works Dept.

Congratulations From Chairman of T. & N. O.

On Thursday last, the anniversary of the disaster of October 4th, 1922, Mayor Summers received the following message of congratulation from Geo. W. Lee, Chairman of the T. & N. O. Commission, North Bay:

"One year ago today you were visited by the disastrous fire, and quite naturally my thoughts are with you today. I wish to congratulate you and the citizens of Haileybury for the courage and enterprise you have shown in bringing back your town. It is only real men, whom one might term heroes, who could accomplish such things as the Town of Haileybury has done during the past year. The Commission have assisted in every possible way to help you, and believe me, they will continue to assist you in every way that we consistently can until Haileybury is bigger and better than ever."

Cobalt Ore Shipments

Four cars of ore with a total of 296,810 pounds were shipped by Cobalt and South Lorrain mines during the week ending October 5th. The Keeley silver mine had one car in the list, with 85,170 pounds, the O'Brien one, containing 65,300 pounds, and the Mining Corporation two, with a total weight of 148,340 pounds.

WANT ADS BRING RESULTS

The White Cap Electric Wash Machine

THE WHITE CAP TIME SAVER is the most expensive and most durable power Washer on the market.

Although it has the latest improvements it cost scarcely more than half as much as many Electric Washers sold.

The price is well within the reach of any family using electric power. The price is such that it is possible for the Washer to pay for itself in a year's time.

The amount of current used is so small you can scarcely read it on the meter.

Its mechanical parts are all guarded. It is simple and easy to run. We will be pleased to give you a demonstration at any time convenient to you.

J. W. Myles, Jeweler, Opens New Store Today

J. W. Myles has completed his new building and his store opens today with a new and up-to-date stock of jewelry and optical goods. Built on the site of his old building, which was destroyed in the big fire last fall, the new

structure, and with new and better equipment, Mr. Myles is prepared to give the public a satisfactory service in his lines. He is prepared to welcome his old friends and customers and new ones as well, and invites everyone to call and inspect the new premises.

The new Myles Block is among the best that have been erected during this summer. The masonry was done by Wm. Murdoch, and reflects credit on the builder, as well as adding greatly to the appearance of the business section. The ground floor consists of two stores, Mr. Myles' own and Murray & Son's grocery. Above are two splendid suites of offices, one of which will soon be occupied by the telephone central office, where the equipment is now being installed.

Potatoes Are Proving Good Crop This Year

That the potato crop is a very satisfactory one this year is evidenced by a sample from Mrs. W. Paul's garden, which was shown to The Haileyburian last week-end. From a number of splendid looking clean tubers one picked at random measured nine inches in circumference, with a length of seven and one-half inches. This is not a record-breaker for size, perhaps, but the collection exhibited was the most clean, well shaped and regular sized that we have seen so far this season.

TEMISKAMING & NORTHERN ONTARIO RAILWAY
