

# Victoria's Unique Amusement Centre Officially Opened

With appropriate pomp and ceremony the Hon. W. G. Nichol, Lieut.-Governor of British Columbia, and D. C. Coleman, Vice-President of the Canadian Pacific Railway, opened Crystal Gardens, Victoria—the largest and finest salt water swimming pool and amusement centre in Canada—recently.

The building takes the form of a winter garden, sunlit by day and glittering by night with an atmosphere heavy with the scent of flowers and throbbing with music from a string orchestra. Built on a two-acre property, facing the fragrant gardens of the Empress Hotel, Crystal Gardens is of generous proportions, with lower portions in brick and concrete, and superstructure of steel and specially designed glass. The interior is a huge conservatory with vines and palms and plants growing in abundance, and in the centre the largest salt water swimming pool on the continent.

To give a Roman Bath effect, from the peacock alley promenades and dancing floors above, there are concrete steps down to the landing of the pool, which is 150 feet long, 40 feet wide and 9 feet deep at its deepest point. Salt water is pumped

from Beacon Hill Beach, a distance of nearly a mile, and maintained at a temperature of 70 degrees, and kept in constant circulation. The water is, of course, sterilized, and bathers, before entering the pool, pass under showers of varying temperatures. Among other attractions there are a gymnasium, hot salt water baths, art gallery, two dancing floors and a tea-room.

Anticipating that the present season will see the beginning of a large tourist movement toward Vancouver Island the Canadian Pacific Railway has considerably augmented its service between Vancouver, Victoria and Seattle—The Triangular Route—and their two new steamships, the Princesses Kathleen and Marguerite, are the largest ever placed on the Pacific Coast service.
