

One Big Inning Wins For Haileybury

Haileybury; New Liskeard, 3.
One big inning decided the ball game at Lakeside Park yesterday afternoon between the locals and the Liskeardites. Haileybury jumped on Harrison's offerings in the fourth for five runs, and that rally decided the issue.

Outside of that one frame it was anybody's battle. In fact, the visitors out-hit the locals, and had fewer errors. Haileybury bunched four of their six hits in the big frame, and made them at the opportune moment. The barrage caused the retirement of Harrison, the young southpaw, and the entry of Bourgeois, tall right-hander, who breezed by in the final four frames with only a solitary tally being counted against him.

Haileybury's flock of five runs came with Barton, first man up, getting a life on Donohue's error at second. Barton stole and McKinney singled to centre, and went to second on the first ball. Cowden rolled one to Donohue, who failed to get the runner at the plate. Roberts drove a single to left, scoring two runs, and stole second. Hughes went out, pitcher to first, Roberts going to third. McArthur rolled to Perry who failed to get Roberts at the plate. Burns singled through short, and Wood came through with a mammoth clout to right for two bases, scoring two more runs. This was enough for Harrison. Bourgeois caused McKee to pop up to second, and threw Barton out at first, to end the big frame.

Liskeard counted two in the seventh. Grills singled with one man down, and Auger drove one to left which Hughes tried to make a shoestring catch on. The ball got lost in the grass and went as a homer. They added another in the eighth. Barton fumbled Donohue's roller. W. Thompson slammed a hot one at Wood, who threw him out at first. Barton again muffed up Perry's grounder, and when Roberts threw to catch Perry stealing, Pee-Wee delayed the throw home long enough to allow Donohue to scamper over safely. Haileybury's final counter came in the eighth. Cowden singled to centre and stole second. Roberts was safe on Thompson's bobble, and Hughes grounded to short, who failed to force Roberts at second but got the hitter at first. Little Pete Burns, dumped one down to third, scoring Cowden.

The usually reliable Barton had the misfortune to turn his ankle early in the game, and it evidently bothered him, as he had four of the team's six errors. Roberts was the only one of the locals who grabbed off a pair of safeties, although everybody was connecting with the ball regularly. Roy Grills grabbed three safe blows, and Harry Perry had two for the luckless Liskeardites.

Clarence Thompson called the balls and strikes, while Bill Thuerck looked after the decisions on the bases, and both were good. Thompson's manner of shouting them at the plate never left any doubt as to what the decision was, and he made a hit with the fans.

The game was the fastest of the season, being run off in one hour and thirty-five minutes.

The locals play in Liskeard on Friday evening, weather permitting, being the play-off of the postponed game from Monday.

Kirkland Lake were expected to battle in Cobalt this evening, but the threatening weather may interfere again. Saturday the Cobalters are due to play their second fixture at Kirkland.

Next Wednesday afternoon the Kirkland lads will invade Haileybury and this looks as though it would be THE ball game of this season. Haileybury has to win to keep in the hunt for the south group championship.

Cardinal Begin Had Long Church Career

His Eminence Cardinal Louis Nazaire Begin, Archbishop of Quebec and Primate of the Roman Catholic Church in Canada, died at the Archbishop's palace in Quebec on Sunday morning last in his eighty-fifth year. His death was the result of an attack of uraemia which developed a week previous following a motor trip to the village of St. Nazaire.

After lying in state at the Basilica this week, the body will be interred in the crypt on Saturday beside the remains of the other Archbishops of Quebec.

The deceased Archbishop of Quebec, who only last month celebrated his Sacrodotial Jubilee, has been in the priesthood sixty years, while he has been a bishop for 37 years and a cardinal for 11 years. He was given the biretta in 1914, just after the outbreak of war.

Cardinal Begin celebrated his 85th birthday on January 10 last, and had intended visiting Rome.

Louis Nazaire Begin was born in a farm house near Levis, Quebec, and his subsequent rise finds few parallels in the history of the Roman Catholic Church in Canada. Despite the high position he held, the distinguished prelate never forgot the early lessons of his childhood. He retained to the last the same kindness of heart and simplicity of manner so characteristic of the French-Canadian farmer. He won everybody by his native modesty.

The late cardinal was in the habit of making annual visits to all the parishes of the Quebec diocese, one of the largest in America, making the first in the spring and concluding the last in September. There were 253 parishes in his diocese which extends from Cacouna to Batisca, and from Lake Edward to Coleraine, in the eastern townships. Cardinal Begin usually travelled by motor or carriage, and boarded trains and boats only when absolutely necessary.

DELEGATION GETS SYMPATHETIC EAR OF CABINET MINISTERS

The usual sympathetic hearing was given the delegation from the Northern Ontario Associated Boards of Trade which interviewed members of the Ontario Cabinet last week on the question of roads throughout the North Country. From accounts published in the Toronto papers, the case of the North was put before the government in a strong light and the attention of the ministers was drawn to conditions in the newer sections of the province in no uncertain terms.

The delegation asked for an expenditure of \$750,000 on roads and cited instances of the way in which development was being retarded owing to the impossibility, in a great many cases, of farmers getting their produce to market. The government was shown that the territory in the greatest present need is that lying along the Transcontinental between Cochrane and Hearst. It is urged upon the ministers that the proposed trans-Canada highway should be built through this region, instead of around the north shore of Lake Superior.

The men from the North who comprised the delegation were Alex. Dewar, Iroquois Falls; A. Stevens, Cochrane; Rev. Father Lambert, Hearst; F. W. Wallingford, Timmins and D. McEachren of Cobalt, and the ministers who received them were Hons. G. S. Henry, Acting Premier, W. F. Nickle, J. Lyons, J. A. Martin and W. H. Price.

Officers Installed by I.O.O.F. Encampment

Local Oddfellows who belong to the higher branch of the Order assembled with the brethren at New Liskeard last night for the semi-annual installation of officers of Temiskaming Encampment No. 92. There was an attendance of about fifty and an interesting and instructive evening was spent.

Following installation, three Past Chief Patriarchs, Bros. A. A. Andrews, J. H. Ruttan, of Haileybury, and A. R. Parliament, of New Liskeard, were presented with collars of their rank.

Several of the brethren present gave addresses on the work of the Order and at the close of the meeting refreshments were served.

The new officers are:
C.P.—G. C. Coulter.
H.P.—R. W. Piche.
S.W.—A. H. Jack.
J.W.—John C. Page.

Old Testament Either Gospel or Sealed Book

In his sermon last Sunday, Rev. J. O. Watts, pastor the United Church, touched on the question of evolution, which is causing a great deal of comment throughout the world in view of the trial of the school teacher in Tennessee on a charge of breaking a State law by teaching some of the doctrine. Mr. Watts spoke from the text, "Who also hath made us able ministers of the new testament; not of the letter, but of the spirit; for the letter killeth, but the spirit giveth life."—2 Cor., 3-6. Previous to his sermon, he read the first chapter of Genesis, for his own comfort, he said, and he proceeded to show the difference between the letter and the spirit. The Bible was written, not with ink on tablets, but spiritually on the hearts of men. Anyone who read the old testament, Mr. Watts said, must either arrive at a gospel or find a sealed book, for the spirit was in the heart of it. He wondered at the controversy, and how any person who read the Bible with a clean mind could engage in it, and he doubted if either side would profit to the extent of discovering the letter of the word.

Rev. Watts told how the teaching of Jesus brought together verses of the old testament, as we must put together the spiritual and physical in life. A shrine was needed, something central in every life, just as Jesus and His disciples found theirs in the determination to "do the will of my Father." We need the study of the Scriptures and should venerate the letter of the Word he said. It has great value in the Christian life, but we can find part of God's alphabet in every little child. "The Church which does not shepherd little children," he concluded, "has lost its proper function in the world, for all religion centres around the little Child in the arms of Mary."

Let every man ask himself with which of his faculties he can and will somehow influence his age. The martyrs of vice far exceed

DRAMATIC SOCIETY TO BE FORMED AT MEETING NEXT WEEK

It is planned to form a dramatic society in Haileybury in the near future and a number of people who are interested in that line met in the I.O.O.F. Temple on Wednesday last, when some plans were made and preliminary work done. With the object of interesting as great a number as possible in the project, another meeting will be held in the same place on Wednesday evening July 29th. Ladies and gentlemen wishing to become members of the proposed society are requested to attend on that date, when the final organization will be carried out.

Those who are promoting the proposed dramatic society have all joined in various amateur performances and are convinced that a first-class organization can be built up in town. They are looking forward to some good entertainments during the coming autumn and winter and ask that all who are willing to join in will come to the next meeting.
