### Spring Weather Here After Long Drawn Out Cold Spell

Spring weather has undoubtedly arrived now after the long and tiresome cold spell which has been experienced. The past two days have shown unmistakable signs of spring and the prospects appear to be that we will have warm weather now.

The remainder of the snow is rapidly disappearing and the streets in some sections drying up. The lake is taking on an appearance of softness and looks as though traffic would not be safe for very long. Joe Police brought a large butterfly to the Haileyburian Office yesterday, which was quite active and there have been reports of bees having been observed. Judge and Mrs. Hayward noticed a robin near their home on Tuesday evening.

Cabbages were sold in St. Paul's Churchyard, London, three hundred years ago, when the cathedral clergy had the hawkers banished on account of the noise they

## High School Students Stage Clever Comedy

One of the most amusing and entertaining events that have been held here in a long time was the comedy staged on Thursday night last by the students of the High School in the assembly hall of the school. The comedy was entitled "The Irresistible Marmaduke," and consisted of three acts filled with amusing situations and the fun was continuous from the raising of the curtain to the end of the last act. That there is plenty of ability among the students was made evident and the whole performance was one that gave the audience the best spell of laughter that they had experienced for many a day.

The hall was filled to overflowing and the play was followed with the greatest interest and enjoyment. Great credit is due to Miss Scrymgeour of the teaching staff, under whose training the performance was arranged. Of the players themselves, there could be nothing but praise for their clever portrayal of the comedy which is a favorite one and was produced by special arrangement with Samuel French, of New York. Miss Georgina Blackwall in the role of Lady Althea, and Miss Jessie Beatty, as her sister, Lady Susan, were particularly pleasing and Miss Jean McKee, as Patricia, was one of the best of the performers. The difficult role of the efficient secretary was very cleverly played by Miss Frances Cameron, while Miss Emily Hennessy, as Dawson, the maid, was a pleasing character.

Of the boys who took part, Charles Yates as Marmaduke himself, had the most difficult role and he carried it out with great success. His clever acting in the many humorous situations showed real talent. Allen Ferguson as the family doctor, and Lloyd Clarke as the husband of Lady Althea were splendid characters and Jack Fitzmaurice as the solicitor, John Blackwall, as the valet, Francis Joy, as the chauffeur and George Caldwell, as the paper-hanger all played their parts in fine style. The whole performance was extremely well carried out and made a splendid entertainment.

The audience was treated between the acts to several violin selections by Miss Jean Belec and George Godin, who are well known as clever musicians. The accompaniments were played by Miss Frances Cameron.

### CARD OF THANKS

Mr. Garfield Heggart and Mr. and Mrs. Ed. Grace and family wish to express their appreciation for the kindness shown during the recent illness and death of Mrs. G. ## Broken Ankle is Result of Game Played by Boys

"Buster" Gibson, son of Mr. and Mrs. E. R. Gibson, Lake Shore Road, suffered a fractured ankle last Friday night when he was pinned beneath a crowd of other boys in a game of "ball" in the basement of the United Church. The boys were having a high time with the game, which is apparently inclined to be somewhat rough, and all came down in a heap with Buster at the bottom. When the mass was untangled, it was found that he had suffered the fracture. He was taken home and medical aid summoned and is now resting easily and making progress towards recovery.

## North Bay Hen Fails to Prove Prophetic Worth

The North Bay hen which foretold an earthquake for April 21st has failed to make good and, according to latest reports, there is no solution of the mystery which stirred the city, on Friday last when an egg was found, bearing in raised letters on the shell, the words "Earthquake, Beware, April 21st". The inscription was in raised lettering resembling a child's attempt at printing, and was slightly darker than the remainder of the shell. According to H. Nugget, experiments were made with other eggs, but failed to produce anything like the same effect, and some of the citizens admitted that they were convinced that the egg might be a sign of coming disaster.

### CARD OF THANKS
