

Talc Deposits of Canada

The second of a new series of publications by the Geological Survey of Canada known as the Economic Geology Series has just been published. This is a well-illustrated report by Dr. M. E. Wilson on the Talc Deposits of Canada. Detailed descriptions are given of the most important known Canadian deposits. Talc is mined in British Columbia, Ontario, Quebec, but the most productive deposits are those of Hastings County, Ontario. The mode of occurrence of the mineral is described and a discussion of the theories of its origin is presented. Copies of this report may be had on application to the Director, Geological Survey, Ottawa.

District Life Underwriters Elect Officers for Year

Hotel Haileybury, January 25, saw the second annual meeting of the Temiskaming Life Underwriters Association, and the following officers were elected for this year:

Honorary President—K. M. Stephen (Mutual Life)
President—John Adams (Confederation Life)
Vice-President—T. Moseley

Williams (Ontario Equitable Life), 2nd Vice-President—J. D. Macdonald (Dominion Life)
Sec.-Treas.—E. R. Parliament (North American Life)
Executive Committee—A. J. Clarke (North American Life);

Andrew Labine (Sun Life); F. E. Herron (London Life).
All life insurance men in this district are invited to correspond with the secretary regarding membership in this organization.

Friends in Haileybury received word that Miss Pare, a former resident, had been badly injured through being struck by a street car in Montreal last week.
Rudolph Valentino coming to Broadway Theatre in The Eagle February 21st.
